This Key Information Memorandum (KIM) sets forth the information, which a prospective investor ought to know before investing.

For further details of the scheme/Mutual Fund, due diligence certificate by the AMC, Key Personnel, investors' rights & services, risk factors, penalties & pending litigations etc. investors should, before investment, refer to the Scheme Information Document and Statement of Additional Information available free of cost at any of the Investor Service Centres or distributors or from the website www.idbimutual.co.in

The Scheme particulars have been prepared in accordance with Securities and Exchange Board of India (Mutual Funds) Regulations 1996, as amended till date, and filed with Securities and Exchange Board of India (SEBI). The units being offered for public subscription have not been approved or disapproved by SEBI, nor has SEBI certified the accuracy or adequacy of this KIM.

This Key Information Memorandum is dated April 28, 2023

Investment Objective The investment objective of the scheme is to invest only in and all the stocks comprising the NIFTY Next 50 Index in the same weights of these stocks as in the Index with the objective to replicate the performance of the Total Returns Index of NIFTY Next 50 Index. The scheme may also invest in derivatives instruments such as Futures and Options linked to stocks comprising the Index or linked to the NIFTY Next 50 Index. The scheme will adopt a passive investment strategy and will seek to achieve the investment objective by minimizing the tracking error between the NIFTY Next 50 Index (Total Returns Index) and the Scheme.

Asset Allocation Pattern The asset allocation pattern for the scheme is detailed in the table below:

Instrument	Indicative allocation (% of total assets)		Risk Profile
	Minimum	Maximum	
Stocks in the NIFTY Next 50 Index and derivative instruments linked to the NIFTY Next 50 Index as and when the derivative products are made available on the same	95%	100%	Medium to High
Cash and Money Market Instruments including money at call but excluding Subscription and Redemption Cash Flow	0%	5%	Low to Medium

Subscription Cash Flow is the subscription money in transit before deployment and Redemption Cash Flow is the money kept aside for meeting redemptions. Subscription monies will be treated as cash-in-transit until realized and transferred to the operative account of the Scheme. Similarly redemption proceeds will be treated as cash-in-transit out of the operative account of the Scheme. The above procedure is adopted to track the Index more efficiently and reduce the tracking error in the Scheme.

Currently the derivative products on NIFTY Next 50 Index are not available for trading. The gross investment in securities under the scheme, which includes equities and equity linked instruments, debt securities, money market instruments and gross exposure to derivatives will not exceed 100% of the net assets of the scheme.

IDBI Nifty Next 50 Index Fund being passively managed scheme, portfolio turnover in the scheme will be limited only to rebalancing the portfolio of the scheme to account for new subscriptions, redemptions, payout of Income Distribution cum capital withdrawal option (IDCW) and change in constituents (addition/ deletion of stock) in NIFTY Next 50 Index. The Fund manager will endeavor to rebalance the portfolio to target Index's weights to adjust for any deviations from the Index weightage due to corporate actions/ additions/ deletions of the constituents within period of 2 business days under normal conditions

In the event NIFTY Next 50 is dissolved or is withdrawn by IISL or is not published due to any reason whatsoever, the Trustee reserves the right to modify the Scheme so as to track a different suitable index and / or to suspend tracking

	<p>the Index and appropriate intimation of the same will be sent to the Unit holders of the Scheme. In such a case, the investment pattern will be suitably modified to bring it in line with the composition of the securities that are included in the new index to be tracked and the performance of the scheme will be subject to tracking errors during the intervening period. Provided further and subject to the above, any change in the asset allocation affecting the investment profile of the Scheme shall be effected only in accordance with the provisions of sub regulation (15A) of Regulation 18 of the Regulations.</p> <p>The Scheme does not propose to invest in Securitized Debt/ADRs/GDRs, foreign securities. The Scheme shall not enter into Securities Lending arrangements. It does not intend to enter into repo (including reverse repo) in corporate debt and government securities.</p> <p>Investment in Derivative instruments linked to NIFTY Next 50 Index, will not exceed 50% of the net assets of the Scheme. Investment in derivatives shall be for hedging, portfolio balancing and such other purposes as maybe permitted from time to time. All investments in derivative instruments shall be subject to the limits mentioned in SEBI circular ref. Cir/ IMD/ DF/ 11/ 2010 dated August 18, 2010</p> <p>The Scheme may engage in short selling of securities in accordance with the framework relating to Short Selling and securities lending and borrowing specified by SEBI.</p> <p>Short-term fixed deposits shall be held in the name of the Scheme (s) and the duration of such fixed deposit shall not exceed 91 days from the date of deposit.</p> <p>Pending deployment of funds of Scheme as per the investment objective of the Scheme, The AMC may park the funds of the scheme in short term deposits of the Scheduled Commercial Banks, subject to guidelines and limits issued by SEBI vide its circular dated April 16, 2007 and September 20, 2019 as may be amended from time to time.</p> <p>Subject to the Regulations, the asset allocation pattern indicated above may change from time to time keeping in view market conditions and investment opportunities, applicable regulations and political and economic factors. It must be clearly understood that the percentages stated above are only indicative and not absolute and that they can vary substantially depending upon the perception of the AMC, the intention being at all times to seek to protect the interests of the Unit holders. Such changes in the asset allocation pattern will be for short term and defensive considerations.</p> <p>Though every endeavor will be made to achieve the objectives of the Scheme, the AMC/Sponsors/Trustees do not guarantee that the investment objectives of the Scheme will be achieved. No guaranteed returns are being offered under the Scheme.</p>
<p>Risk Profile of the Scheme</p>	<p>Mutual Fund Units involve investment risks including the possible loss of principal. Please read the SID carefully for details on risk factors before investment. Scheme specific Risk Factors are summarized below:</p> <p>1.The Trustees, AMC, Mutual Fund, their directors or their employees shall not</p>

be liable for any tax consequences that may arise in the event that the Scheme is wound up for the reasons and in the manner provided under the Scheme Information Document & Statement of Additional Information.

- 2.** Redemption by the unit holders due to change in the fundamental attributes of the scheme or due to any other reasons may entail tax consequences. The Trustees, AMC, their directors or their employees shall not be liable for any tax consequences that may arise.
- 3.** The Mutual Fund is not assuring any Income Distribution cum capital withdrawal option (IDCW) nor is it assuring that it will make any Income Distribution cum capital withdrawal option (IDCW) distributions. All Income Distribution cum capital withdrawal option (IDCW) distributions are subject to the availability of distributable surplus and would depend on the performance of the scheme and will be at the discretion of the AMC and Trustee Company.
- 4.** The tax benefits described in the SID are as available under the present taxation laws and are available subject to relevant condition. The information given is included only for general purpose and is based on advice received by the AMC regarding the law and practice currently in force in India and the Investors and Unit Holders should be aware that the relevant fiscal rules or their interpretation may change. As in the case with any investment, there can be no guarantee that the tax position or the proposed tax position prevailing at the time of the investment in the Scheme will endure indefinitely. In view of the individual nature of tax consequences, each Investor / Unit holder is advised to consult his/her/its own professional tax advisor.
- 5.** Trading volumes and settlement periods may inherently restrict the liquidity of the Scheme's investments. In the event of an inordinately large number of redemption requests, or of a restructuring of the scheme's investment portfolio, these periods may become significant. In view of the same, the Trustees have the right in their sole discretion to limit redemptions (including suspending redemptions) under certain circumstances.
- 6.** Different types of securities in which the Scheme/Plans would invest as given in the SID carry different levels of risk. Accordingly the Scheme's/Plan's risk may increase or decrease depending upon the investment pattern. For e.g. corporate bonds carry a higher amount of risk than Government Securities. Further even among corporate bonds, bonds which are AAA rated, are comparatively less risky than bonds, which are AA rated.
- 7.** The Sponsor is not responsible for any loss or shortfall resulting from the operations of the scheme beyond the initial contribution of Rs. 20 lakhs made by it towards setting up the Fund and/or such other accretions / additions to the same made from time to time.
- 8.** The NIFTY Next 50 Index is an index comprising the next rung of 50 most liquid securities after NIFTY 50 index. Any significant political, economic or a global event or a general downturn in the economy can have an adverse impact on the performance of the Indices and thereby, the Scheme.
- 9.** The Scheme is passively managed scheme that will closely track the NIFTY Next 50 Index. The Scheme will continue to hold a particular stock in the

portfolio at the same weight as in the index irrespective of the fundamental view that the Fund Manager may have regarding the particular stock as long as the stock is a constituent of the index.

10.The performance of the NIFTY Next 50 will have a direct bearing on the performance of the Scheme respectively. Hence any composition change made by the index service provider in terms of weightage or stocks selection will have an impact on the performance of the schemes.

11.In the event the NIFTY Next 50 is dissolved or is withdrawn by IISL or is not published due to any reason whatsoever, the investment objectives of the Scheme may not be realized.

12.Tracking errors are inherent in any index fund and such errors may cause the scheme to generate returns, which are not in line with the performance of the designated index. Such deviation in returns may arise due to several factors including but not limited to:

- i. Any delay experienced in the purchase or sale of shares due to prevailing liquidity in the market, settlement and realization of sales proceeds and the registration of any security transfer and any delays in receiving cash and scrip Income Distribution cum capital withdrawal option (IDCW) and resulting delays in reinvesting them.
- ii. The NIFTY Next 50 Index reflects the prices of securities at close of business hours. However, the Fund may buy or sell securities at different points of time during the trading session at the then prevailing prices which may not correspond to the closing prices on the National Stock Exchange of India Limited(NSE).
- iii. IISL undertakes a periodic review of the stocks that comprise the NIFTY Next 50 Index and may either drop or include new securities. In such an event the Fund will endeavour to reallocate its portfolio but the available investment / disinvestment opportunities may not permit precise mirroring of the NIFTY Next 50 Index immediately.
- iv. The potential for trades to fail, which may result in the particular scheme not having acquired shares at a price necessary to track the index.
- v. The holding of a cash position and accrued income prior to distribution and accrued expenses.
- vi. Disinvestments to meet redemption, recurring expenses, Income Distribution cum capital withdrawal option (IDCW) payout etc. as elsewhere indicated in this Scheme Information Document.

The Tracking Error that may arise in the Scheme is expected to be around 2% respectively on an annualized basis. This is only an estimate and is expected to vary according to the recurring expenses incurred by the Scheme and other factors detailed above.

13.Risks associated with investment in equity and equity related instruments

Investments in equity and equity related instruments includes stocks and shares of companies, foreign currency convertible bonds (FCCB), derivative instruments, like stock future/options and index futures and options, equity warrants, convertible preference shares etc. as may be permitted by SEBI/RBI from time to time. These instruments are exposed to and can be impacted by adverse changes in interest rates, currency rates, inflation, liquidity (trading volumes and settlement) as well as company specific risks like corporate governance issues, changes in technology, financial distress etc.

Equity shares and equity related instruments are volatile and prone to price

fluctuations on a daily basis. Investments in equity shares and equity related instruments involve a degree of risk and investors should not invest in the Scheme unless they can afford to take the risks.

Trading volumes, settlement periods and transfer procedures may restrict the liquidity of the investments made by the Scheme. Different segments of the Indian financial markets have different settlement periods and such periods may be extended significantly by unforeseen circumstances leading to delays in receipt of proceeds from sale of securities. The NAV of the Units of the Scheme can go up or down because of various factors that affect the capital markets in general.

IDBI Nifty Next 50 Index Fund is passively managed fund. It will invest in only those stocks which are constituents of its index i.e. NIFTY Next 50 Index. Also exposure of the stock in portfolio will be of same weightage of that particular stock as in the Index. Fund manager does not have any discretion to invest outside the Index.

The Scheme is subject to specific risk & systematic risks. Being passive in nature, this scheme will be compelled to stay invested in companies which are constituents of index even though fundamental outlook of a company turn negative.

14. Risks associated with investments in Debt and Money Market Instruments

- **Credit risk:** This risk arises due to any uncertainty in counterparty's ability or willingness to meet its contractual obligations. This risk pertains to the risk of default of payment of principal and interest. Government Securities have zero credit risk while other debt instruments are rated according to the issuer's ability to meet the obligations.

The AMC seek to manage credit risk by restricting investments only to investment grade securities. Regular review of the issuer profile to monitor and evaluate the credit quality of the issuer will be carried out.

- **Interest Rate risk:** This risk is associated with movements in interest rate, which depend on various factors such as government borrowing, inflation, economic performance etc. The values of investments will appreciate/depreciate if the interest rates fall/rise.

Interest rate risk mitigation will be through active duration management at the portfolio level through regular monitoring of the interest rate environment in the economy.

- **Liquidity risk:** The liquidity of a bond may change depending on market conditions leading to changes in the liquidity premium linked to the price of the bond. At the time of selling the security, the security can become illiquid leading to loss in the value of the portfolio.

The AMC will endeavour to mitigate liquidity risk by mapping investor profile and potential redemption expectations into the portfolio construction to allow the scheme to liquidate assets without significantly impacting portfolio returns.

- **Reinvestment risk:** This risk arises from uncertainty in the rate at which cash flows from an investment may be reinvested. This is because the bond will pay coupons, which will have to be reinvested. The rate at which the coupons will be reinvested will depend upon prevailing market rates at the time the coupons are received.

The AMC will endeavor to manage this risk by diversifying investments in instruments with appropriate maturity baskets.

- **Settlement risk:** Fixed income securities run the risk of settlement which can adversely affect the ability of the fund house to swiftly execute trading strategies which can lead to adverse movements in NAV. The AMC will endeavor to manage this risk by diversifying the investments in instruments with appropriate maturity baskets.

- **Spread Risk:** In a floating rate security the coupon is expressed in terms of a spread or mark up over the benchmark rate. In the life of the security this spread may move adversely leading to loss in value of the portfolio. The yield of the underlying benchmark might not change, but the spread of the security over the underlying benchmark might increase leading to loss in value of the security.

However since the exposure to debt and money market instruments in the Scheme will not exceed 5% of the assets, the above mentioned risk is not expected to be significant.

15.Risks associated with Investing in Derivatives

Derivative products are leveraged instruments and can provide disproportionate gains as well as disproportionate losses to the investor. Execution of such strategies depends upon the ability of the fund manager to identify such opportunities. Identification and execution of the strategies to be pursued by the fund manager involve uncertainty and decision of fund manager may not always be profitable. No assurance can be given that the fund manager will be able to identify or execute such strategies.

The Derivative products are specialized instruments that require investment techniques and risk analysis different from those associated with stocks. The use of a derivative requires an understanding not only of the underlying instrument but of the derivative itself. Derivatives require the maintenance of adequate controls to monitor the transactions entered into to assess the risk that a derivative adds to the portfolio and the ability to forecast price or interest rate movements correctly. There is a possibility that a loss may be sustained by the portfolio as a result of the failure of another party (usually referred to as the "counterparty") to comply with the terms of the derivatives contract. Other risks in using derivatives include the risk of mis-pricing or improper valuation of derivatives and the inability of derivatives to correlate perfectly with underlying assets, rates and indices, illiquidity risk whereby the Scheme may not be able to sell or purchase derivative quickly enough at a fair price. The risks associated with the use of derivatives are different from or possibly greater than, the risks associated with investing directly in securities and other traditional investments. The AMC may use various derivative products, as permitted and within the limits prescribed by SEBI and the

	<p>RBI from time to time, in an attempt to optimize the value of the portfolio and enhance Unit holder's interest/value of the Scheme.</p> <p>There are certain risks inherent in derivatives. These are</p> <ul style="list-style-type: none"> ○ Price Risk: Despite the risk mitigation provided by various derivative instruments, there remains an inherent price risk which may result in losses exceeding actual underlying. ○ Default Risk: This is the risk that losses will be incurred due to default by counter party. This is also known as credit risk or counterparty risk. ○ Basis Risk – This risk arises when the derivative instrument used to hedge the underlying asset does not match the movement of the underlying being hedged for e.g. mismatch between the maturity date of the futures and the actual selling date of the asset ○ Limitations on upside: Derivatives when used as hedging tool can also limit the profits from a genuine investment transaction. ○ Liquidity risk: Pertains to how saleable a security is in the market. All securities/instruments irrespective of whether they are equity, bonds or derivatives may be exposed to liquidity risk (when the sellers outnumber buyers) which may impact returns while exiting opportunities. <p>The AMC will monitor the overall economic and credit environment including the systemic liquidity on a regular basis and the outlook will be integrated into the risk control and monitoring of the Scheme to control the risk emanating from derivative investments.</p> <p>16.Risks associated with Short Selling</p> <p>When the Fund engages in short selling, it will borrow the security from a third party with the understanding that the security will be returned at a later date as and when required by the lender. Short selling a security demonstrates a negative view on a particular security (i.e. an expectation that the stock price will fall in future). However, there is a risk that the stock price may go up contrary to expectations which will result in losses to the Scheme. The losses will be realized to the Scheme if the Scheme may be forced to buy the shares in the market at the prevailing higher market price (than the price at which sold initially) to return the security to the lender if so required by the lender.</p> <p>17.Risks associated with segregated portfolio</p> <ol style="list-style-type: none"> 1. Investor holding units of segregated portfolio may not able to liquidate their holding till the time recovery of money from the issuer. 2. Security comprises of segregated portfolio may not realise any value. 3. Listing of units of segregated portfolio in recognised stock exchange does not necessarily guarantee their liquidity. There may not be active trading of units in the stock market. Further trading price of units on the stock market may be significantly lower than the prevailing NAV.
Plan and Options	The Scheme offers the following Plans for investment-

- Regular Plan
- Direct Plan
-

As per SEBI circular no CIR/IMD/DF/21/2012 dated September 13, 2012, a separate plan (Direct Plan) is provided to the investors for direct investments, i.e., investments not routed through a distributor.

The Direct Plan shall have a lower expense ratio excluding distribution expenses, commission, etc., and no commission shall be paid from such plan.

The scheme shall declare a separate NAV for all sub options under both direct and regular plan.

The Regular and the Direct Plan will be maintained under a common portfolio. In case where investors do not opt for a particular plan at the time of investment and the application is not routed through a Distributor, Direct Plan shall be considered as the Default Plan.

The Default Plan (Direct Plan/Regular Plan) under various scenarios, is mentioned as below

Scenario	Broker Code mentioned by the investor	Plan mentioned by the investor	Default Plan to be captured
1	Not mentioned	Not mentioned	Direct Plan
2	Not mentioned	Direct	Direct Plan
3	Not mentioned	Regular	Direct Plan
4	Mentioned	Direct	Direct Plan
5	Direct	Not Mentioned	Direct Plan
6	Direct	Regular	Direct Plan
7	Mentioned	Regular	Regular Plan
8	Mentioned	Not Mentioned	Regular Plan

In cases of wrong / invalid / incomplete ARN codes (broker code) mentioned on the application form, the application shall be processed under Regular Plan. The AMC shall contact and obtain the correct ARN code within 30 calendar days of the receipt of the application form from the investor / distributor. In case, the correct code is not received within 30 calendar days, the AMC shall reprocess the transaction under Direct Plan from the date of application without any exit load.

Within each Plan there are two options;

- Income Distribution cum capital withdrawal (IDCW) Option and
- Growth Option

The Growth Option will not declare any Income Distribution cum capital withdrawal (IDCW).

In cases where investors do not opt for a particular Option at the time of investment, the Default Option will be the Growth Option.

Investors can opt for any one of following modes of Income Distribution cum

	<p>capital withdrawal (IDCW)–</p> <ul style="list-style-type: none"> ○ Income Distribution cum capital withdrawal (IDCW) Payout ○ Income Distribution cum capital withdrawal (IDCW) Reinvestment ○ Income Distribution cum capital withdrawal (IDCW)Transfer <p>In cases, where investors have not specified the mode of Income Distribution cum capital withdrawal (IDCW)i.e. payout, reinvestment, Income Distribution cum capital withdrawal (IDCW)transfer, the default mode will be reinvestment.</p> <p>If the Income Distribution cum capital withdrawal (IDCW)amount is less than Rs. 100/-, the entire Income Distribution cum capital withdrawal (IDCW)amount shall be compulsorily reinvested and no Income Distribution cum capital withdrawal (IDCW)payout will be made.</p> <p>All unit holders in the Income Distribution cum capital withdrawal (IDCW)option of the scheme can transfer their Income Distribution cum capital withdrawal (IDCW)to any open ended schemes (as and when made available for subscription) of IDBI Mutual Fund Under Income Distribution cum capital withdrawal (IDCW)Transfer Plan. Minimum Income Distribution cum capital withdrawal (IDCW)in the scheme required to avail Income Distribution cum capital withdrawal (IDCW)Transfer Planis Rs.1000/-. If an Investor has opted for Income Distribution cum capital withdrawal (IDCW) Transfer Plan and amount is less than Rs.1000, the Income Distribution cum capital withdrawal (IDCW)amount will be reinvested and no transfer will be made.</p> <p>If investors apply for subscription of units under any Plans / Options, the minimum subscription limits for new purchases/additional purchases/SIP will apply to each Plan / Option.</p> <p>Please note that IDBI Nifty Next 50 Index Fund does not assure any Income Distribution cum capital withdrawal (IDCW)under any sub-options in the Income Distribution cum capital withdrawal (IDCW)option. Declaration of Income Distribution cum capital withdrawal (IDCW)is subject to the availability of distributable surplus, if any, in the scheme and at the discretion of the AMC and Trustee Company.</p>

Where an application is received and the time stamping is done after the relevant Cut-off time the request will be deemed to have been received on the next Business Day.</p> <p>Subscription/ Purchase including switch-in</p> <p>The following cut-off timings shall be observed by a mutual fund for any application amount in respect of purchase of units in the scheme and its plans /</p>

options, where the following NAVs shall be applied for such purchase:

1. In respect of valid applications received up to 3.00 p.m. on a business day and where the funds for the entire amount are available for utilization before the cut-off time without availing any credit facility, whether, intra-day or otherwise - the closing NAV of the Business Day shall be applicable.

2. In respect of valid applications received after 3.00 p.m. on a business day and funds for the entire amount are available for utilization on the same day before the cut-off time of the next Business Day without availing any credit facility, whether, intra-day or otherwise – the closing NAV of the next business day shall be applicable.

and

3. Irrespective of the time of receipt of application, where the funds for the entire amount are not available for utilization before the cut-off time without availing any credit facility, whether, intra-day or otherwise - the closing NAV of such business day on which the funds are available for utilization before cut-off time shall be applicable.

For investments of any amount through systematic investment routes such as Systematic Investment Plans (SIP), Systematic Transfer Plans (STP) Income Distribution cum capital withdrawal (IDCW) Transfer etc., the units will be allotted as per the closing NAV of the Business day on which the funds are available for utilization before cut-off time, irrespective of the amount and installment date of the SIP, STP or record date of Income Distribution cum capital withdrawal (IDCW) etc.

Redemptions including Switch-out:

The following cut-off timings shall be applicable with respect to repurchase of units in the Scheme and the following NAVs shall be applied for such repurchase:

a. Where the application is received up to 3.00 pm on a business day – closing NAV of the day on which the application is received; and

b. An application received after 3.00 pm on a business day – closing NAV of the next business day.

Switches:

In case of 'switch' transactions from one scheme to another, the allotment shall be in line with redemption payouts and realization of funds into the switch-in scheme (where applicable).

Transactions through online facilities / electronic modes:

The time of transaction done through various online facilities / electronic modes offered by the AMC, for the purpose of determining the applicability of NAV, would be time when the request for purchase / sale / switch of units is received in the servers of AMC/RTA.

In case of transactions through online facilities / electronic modes, there may be a time lag of up to 1 to 3 banking days between the amount of subscription being

	debited to investor's bank account and the subsequent credit into the respective Scheme's bank account. This lag may impact the applicability of NAV for transactions where NAV is to be applied, based on actual realization of funds by the Scheme. Under no circumstances will IDBI Asset Management Company Limited or its bankers or its service providers be liable for any lag / delay in realization of funds and consequent pricing of units.		
Minimum Application Amount/ Number of Units	Purchase	Additional Purchase	Repurchase

In case the unit holder does not specify both, i.e. the number of units and amount, the request will not be processed.
Dispatch of Repurchase (Redemption) Request	The Mutual Fund will endeavor to dispatch the redemption proceeds not later than 10 business days from the date of acceptance of a valid redemption request. In case the redemption proceeds are not dispatched within 10 business days of the date of receipt of valid redemption request, the AMC will pay interest @ 15% p.a.(at present)		
Restriction on Redemption	<p>Restrictions on redemptions, if any, shall be imposed only as per the stipulations of SEBI circular No. SEBI/HO/IMD/DF2/CIR/P/2016/57 dated May 31, 2016. Such a restriction may be imposed when there are circumstances leading to a systemic crisis or event that severely constricts market liquidity or the efficient functioning of markets such as:</p> <p>i. Liquidity issues - when market at large becomes illiquid affecting almost all securities rather than any issuer specific security. AMC should have in place sound internal liquidity management tools for schemes. Restriction on redemption cannot be used as an ordinary tool in order to manage the liquidity of a scheme. Further, restriction on redemption due to illiquidity of a specific security in the portfolio of a scheme due to a poor investment decision shall not be allowed.</p> <p>ii. Market failures, exchange closures - when markets are affected by unexpected events which impact the functioning of exchanges or the regular course of transactions. Such unexpected events could also be related to political, economic, military, monetary or other emergencies.</p>		

	<p>iii. Operational issues – when exceptional circumstances are caused by force majeure, unpredictable operational problems and technical failures (e.g. a black out). Such cases can only be considered if they are reasonably unpredictable and occur in spite of appropriate diligence of third parties, adequate and effective disaster recovery procedures and systems.</p> <p>Restriction on redemption shall be imposed only with the approval of the Board of AMC and Trustee Company. **of the
Scheme**

Entry Load (For normal transactions / Switch-in and SIP) – Not applicable

SEBI vide its circular no. SEBI/IMD/CIR No. 4/ 168230/09 dated June 30, 2009 has decided that there shall be no entry Load for all Mutual Fund Schemes. The upfront commission, if any, to the distributor on the investment made by the investor will be paid by the investor directly to the distributor, based on his assessment of various factors including the service rendered by the distributor.

Exit Load (Redemption/ Switch-out/ Transfer/ SWP): Nil

The exit load will be applicable for both normal transactions and SIP transactions. In case of Systematic Investment Plan (SIP) transactions, the date of allotment for each installment for subscription will be reckoned for charging exit load on redemption.

SEBI vide circular Ref no: CIR/IMD/DF/21/2012 dated September 13, 2012 and notification dated September 26, 2012 requires, the exit load, if any, charged by mutual fund scheme to be credited to the respective scheme after debiting applicable GST, if any on the next business day.

ii) Recurring Expenses

The total expenses of the scheme including investment and advisory fees shall not exceed 1.00% p.a. of the net assets.

The Scheme may charge additional expense not exceeding of 0.30% p.a of daily net assets subject to the conditions mentioned in regulation 52 (6A) (b) SEBI (Mutual Fund) Regulations, 1996. Further, as per regulation 52(6A)(c) SEBI (Mutual fund) Regulation 1996, The Mutual Fund Scheme may charge additional expenses, incurred towards different heads mentioned under sub regulations (2) and (4), not exceeding 0.05% # p.a of daily net assets of the Scheme.

With reference to SEBI Circular SEBI/HO/IMD/DF2/CIR/P/2018/15 dated 02nd Feb 2018, Mutual Fund schemes including close ended schemes, wherein exit load is not levied / not applicable, the AMC's shall not be eligible to charge the above mentioned additional expenses for such schemes.

Investors making investments directly with the mutual fund under the direct plan will be benefitted with a lower expense ratio excluding distribution expenses, commission, etc and no commission shall be paid from such plans. At least 0.50% (annualized) of the daily net assets is charged towards distribution expenses / commission in the Regular Plan. The TER of the Direct Plan will be lower to the extent of the above mentioned distribution expenses/ commission (at least 0.50%) which is charged in the Regular Plan.

The AMC's may charge GST on investment and advisory fees to the scheme in addition to the maximum limit of TER as prescribed in regulation 52 of the Regulations.

As per regulation 52(6A) of SEBI (MF) Regulations,1996, the AMC may charge the scheme with following additional expense.

a) expenses not exceeding of 0.30% of daily net assets, if the new inflows from beyond top 30 cities (or such cities as specified by the Board from time to time) are at least -

(i) 30% of gross new inflows in the scheme,

or;

(ii) 15% of the average assets under management (year to date) of the scheme,

Whichever is higher:

Provided that if inflows from such cities is less than the higher of sub-clause (i) or sub-clause (ii), such expenses on daily net assets of the scheme shall be charged on proportionate basis by using the following formula.

Daily net assets X 30 basis points X New inflows from beyond top 30 cities

365* X Higher of (i) or (ii) above

* 366, wherever applicable.

As per SEBI circular dated March 25, 2019, inflows of amount upto Rs 2,00,000/- per transaction, by individual investors shall be considered as inflows from "retail investor".

Beyond Top 30 (B30) cities shall mean beyond top 30 cities based on Association of Mutual Funds in India (AMFI) data on 'AUM by Geography - Consolidated Data for Mutual Fund Industry' as at the end of the previous financial year.

Inflows from corporates and institutions from B-30 cities will not be considered for computing the inflows from B-30 cities for the purpose of additional TER of 30 basis points.

Provided further that expenses charged under this clause shall be utilized for distribution expenses incurred for bringing inflows from such cities:

Further that amount incurred as expense on account of inflows from such cities shall be credited back to the scheme in case the said inflows are redeemed within a period of one year from the date of investment;

The top 30 cities shall mean top 30 cities based on Association of Mutual Funds in India (AMFI) data on 'AUM by Geography – Consolidated Data for Mutual Fund Industry' as at the end of the previous financial year.

Additional expenses, incurred towards different heads mentioned under sub-regulations (2) and (4) of regulation 52 of SEBI (Mutual Fund) (Second Amendment) Regulations, 2012, not exceeding 0.05% of daily net assets of the scheme."

Investors making investments directly with the mutual fund under the direct plan will be benefitted with a lower expense ratio excluding distribution expenses, commission, etc and no commission shall be paid from such plans. The AMC has estimated that annual recurring expenses of up to 1.05% p.a. (for the first 500 crores.) of the daily net assets may be charged to Regular Plan of the Scheme without including the additional expense incurred towards distribution of assets to

cities beyond Top 30 cities. **The maximum expense including additional expense** towards distribution of assets to cities beyond Top 30 cities, **if any, will not exceed 1.35% p.a** of the daily net assets that may be charged to the Scheme.

For the actual current expenses being charged, the investor should refer to the website of the Mutual Fund (www.idbimutual.co.in). Further, any change in the expense ratio will be updated on our website. The same change will be communicated to investor via SMS / e-mail 3 working days prior to the effective date of change (not applicable for changes in TER due to change in AUM or due to various other regulatory requirement). The exact web link for TER is <https://www.idbimutual.co.in/statutory-disclosure/total-expense-ratio-of-mutual-fund-schemes#>

Investor Education and Awareness

Mutual Funds/AMCs shall annually set apart at least 2 basis points (0.02%) on daily net assets within the maximum limit of TER as per regulation 52 of the Regulations for investor education and awareness initiatives

The actual expense incurred by the Scheme in the previous financial year is also provided below for the reference of the investors

Actual expenses for the previous financial year ended March 2023 (p.a)	
Regular Plan	Direct Plan
0.9%	0.32%

The fees and expenses mentioned above are the maximum limits allowed under the regulations and the AMC may at its absolute discretion adopt any fees/expense structure within the regulatory limits mentioned above.

For the actual current expenses being charged, the investor should refer to the website of the Mutual Fund.

vii. There shall be no transaction charge on transactions other than purchases/subscriptions relating to new inflows.

viii. The statement of account shall clearly state that the net investment as gross subscription less transaction charge and the number of units allotted against the net investment.

ix. Distributors shall be able to choose to opt out of charging the transaction charge. However, the 'opt-out' shall be at distributor level and not investor level i.e. a distributor shall not charge one investor and choose not to charge another investor. Further, Distributors shall have also the option to either opt in or opt out of levying transaction charge based on type of the product.

It is also clarified that as per SEBI circular no. SEBI/IMD/CIR No. 4/ 168230/09, dated June 30, 2009, upfront commission to distributors shall continue to be paid by the investor directly to the distributor by a separate cheque based on his assessment of various factors including the service rendered by the distributor.
