Units issued by Real Estate Investment Trusts (REITs) & Infrastructure Investment Trusts (InvITs)	0%	10%	Medium to High
Debt and money market instruments may include securitized debt up to 10% of the net assets of the Scheme.			
The mutual fund shall comply with the applicable provisions of SEBI Circular dated January 7, 2014 and all other guidelines issued by SEBI, Exchanges and other Governmental authorities with respect to transactions in securitized debt instruments. The scheme may invest up to 50% of Net Assets of Scheme into equity derivatives instruments. Investment in derivatives shall be for hedging, portfolio balancing and such other purposes as maybe permitted from time to time. All investments in derivative instruments shall be subject to the limits mentioned in SEBI circular ref. Cir/ IMD/ DF/ 11/ 2010 dated August 18, 2010.			
The Scheme will not invest in ADRs/GDRs, foreign securities.			
The scheme may also enter into repurchase (repo) agreement and reverse repurchase agreement in government securities held by it as per the guidelines and regulations applicable to such transactions.			
The scheme will not invest in Repo in Corporate Debt Securities.			

The scheme will not write options or purchase instruments with embedded written options. The total exposure related to option premium paid will not exceed 20% of the net assets of the scheme.

Pending deployment of funds as per the investment objective of the Scheme, the funds may be parked in short term deposits of the Scheduled Commercial Banks, subject to guidelines and limits issued by SEBI vide its circular dated April 16, 2007 and September 20, 2019 as may be amended from time to time. Short-term fixed deposits shall be held in the name of the Scheme and the duration of such fixed deposit shall not exceed 91 days from the date of deposit.

The Scheme may not engage in short selling of securities. The Scheme may participate in Securities lending and borrowing as specified by SEBI. The scheme shall not deploy more than 20% of its net asset in securities lending.

The Scheme may also participate in securities lending to augment its income. Securities lending in the scheme will be in accordance with the guidelines on securities lending and borrowing scheme and modifications issued by SEBI from time to time such as circular no. MRD/DoP/SE/Dep/Cir-14 /2007 dated December 20, 2007 circular no. MRD/DoP/SE/Cir- 31/2008 dated October 31, 2008, circular no. MRD/DoP/SE/Dep/Cir- 01 /2010 dated January 06, 2010, circular no. CIR/MRD/DP/33/2010 dated October 07, 2010 and circular no. CIR/MRD/DP/ 30 /2012 dated November 22, 2012..

The cumulative gross exposure through investment in securities under the scheme, which includes Equity and equity related instruments, Money market and debt instruments, units of mutual fund schemes, Real Estate Investment Trusts (REITs), Infrastructure Investment Trusts (InvITs) , gross exposure in derivatives and other permitted securities/assets provided by SEBI shall not exceed 100% of the net assets of the scheme.

The definition of the small cap will be as per the SEBI circular no. SEBI/HO/IMD/DF3/CIR/P/2017/114 dated October 06, 2017 and SEBI circular no. SEBI/HO/IMD/DF3/CIR/P/2017/126 dated December 04, 2017.

Subject to the Regulations, the asset allocation pattern indicated above may change from time to time keeping in view market conditions and investment opportunities, applicable regulations and political and economic factors. It must be clearly understood that the percentages stated above are only indicative and not absolute and that they can vary substantially depending upon the perception of the AMC, the intention being at all times to seek to protect the interests of the Unit holders. Such changes in the asset allocation pattern will be for short term and defensive considerations.

As per SEBI Circular no. SEBI/HO/IMD/IMD-II DOF3/P/CIR/2022/39 dated March 30, 2022, as may be amended/ clarified from time to time, in the event of change in the asset allocation due to passive breaches (occurrence of instances not arising out of omission and commission of the AMC), the fund manager is required to carry out portfolio rebalancing within 30 Business Days. In case the portfolio is not rebalanced within the period of 30 Business days, justification in writing, including details of efforts

	<p>taken to rebalance the portfolio shall be placed before the Investment Committee. The Investment Committee, if it so desires, can extend the timeline for rebalancing up to sixty (60) Business days from the date of completion of mandated rebalancing period. In case the portfolio of the scheme is not rebalanced within the aforementioned mandated plus extended timelines, the AMC shall follow the requirements specified under the aforesaid circular including reporting the deviation to Trustees at each stage.</p> <p>No guaranteed returns are being offered under the scheme.</p>
<p><b>Risk Profile of the Scheme</b></p>	<p>Mutual Fund Units involve investment risks including the possible loss of principal. Please read the SID carefully for details on risk factors before investment. Scheme specific Risk Factors are summarized below:</p> <ol style="list-style-type: none"> <li>1. The Trustees, AMC, Fund, their directors or their employees shall not be liable for any tax consequences that may arise in the event that the scheme is wound up for the reasons and in the manner provided under the Scheme Information Document &amp; Statement of Additional Information.</li> <li>2. Trading volumes and settlement periods may inherently restrict the liquidity of the scheme's investments. In the event of an inordinately large number of redemption requests, or of a restructuring of the scheme's investment portfolio, these periods may become significant. In view of the same, the Trustees have the right in their sole discretion to limit redemptions (including suspending redemptions) under certain circumstances.</li> <li>3. The Mutual Fund is not assuring any Income Distribution cum capital withdrawal option (IDCW) nor is it assuring that it will make any Income Distribution cum capital withdrawal option (IDCW) distributions. All Income Distribution cum capital withdrawal option (IDCW) distributions are subject to the availability of distributable surplus and would depend on the performance of the scheme and will be at the discretion of the AMC.</li> <li>4. Redemption by the unit holders due to change in the fundamental attributes of the scheme or due to any other reasons may entail tax consequences.</li> <li>5. Different types of securities in which the Scheme / Plans would invest as given in the SID carry different levels of risk. Accordingly the Scheme's / Plan's risk may increase or decrease depending upon the investment pattern. For e.g. corporate bonds carry a higher amount of risk than Government Securities. Further even among corporate bonds, bonds which are AAA rated, are comparatively less risky than bonds, which are AA rated.</li> <li>6. The tax benefits described in the SID are as available under the present taxation laws and are available subject to relevant condition. The information given is included only for general purpose and is based on advice received by the AMC regarding the law and practice currently in force in India and the Investors and Unit Holders should be aware that the relevant fiscal rules or their interpretation may change. As in the case with any investment, there can be no guarantee that the tax position or the proposed tax position prevailing at the time of the investment in the Scheme(s) will endure indefinitely. In view of the individual nature of tax consequences, each Investor / Unit holder is advised to consult his/her/its own</li> </ol>

professional tax advisor.

7. The Sponsor is not responsible for any loss or shortfall resulting from the operations of the scheme beyond the initial contribution of Rs. 20 lakhs made by it towards setting up the Fund and/or such other accretions / additions to the same made from time to time.

**I. Risks associated with investment in equity and equity related instruments**

Investments in equity and equity related instruments includes stocks and shares of companies, foreign currency convertible bonds (FCCB), derivative instruments, like stock future/options and index futures and options, equity warrants, convertible preference shares etc. as may be permitted by SEBI/RBI from time to time. These instruments are exposed to and can be impacted by adverse changes in interest rates, currency rates, inflation, liquidity (trading volumes and settlement) as well as company specific risks like corporate governance issues, changes in technology, financial distress etc.

Equity shares and equity related instruments are volatile and prone to price fluctuations on a daily basis. Investments in equity shares and equity related instruments involve a degree of risk and investors should not invest in the Scheme unless they can afford to take the risks. Trading volumes, settlement periods and transfer procedures may restrict the liquidity of the investments made by the Scheme(s). Different segments of the Indian financial markets have different settlement periods and such periods may be extended significantly by unforeseen circumstances leading to delays in receipt of proceeds from sale of securities. The NAV of the Units of the Scheme can go up or down because of various factors that affect the capital markets in general.

To mitigate risks associated with investments in equity and equity related instruments the AMC will ensure that the portfolio is adequately diversified. The Fund Manager will invest in companies/sectors identified through a robust in-house research process for its investments merits – competitive position, earnings growth, management quality etc – and will be monitored on an ongoing basis to minimize company/sector specific risks. The Fund Manager may also use derivatives tools as appropriate to hedge against market/company specific risks.

It may be noted that this Scheme intends to invest predominantly in Equity and Equity related instruments of Small cap Companies. Stocks of Small cap companies are more volatile and less liquid than the stocks of large cap companies. Over a period of time, stocks of Small and large cap companies have demonstrated different level of volatility and returns. And no single market cap category has consistently outperformed the other.

**II. Risks associated with investments in Debt and Money market Instruments**

**Credit risk:** This risk arises due to any uncertainty in counterparty's ability or willingness to meet its contractual obligations. This risk pertains to the risk of default of payment of principal and interest. Government Securities have zero credit risk while other debt instruments are rated according to the issuer's ability to

meet the obligations.

The AMC seek to manage credit risk by restricting investments only to investment grade securities. Regular review of the issuer profile to monitor and evaluate the credit quality of the issuer will be carried out.

**Interest Rate risk:** This risk is associated with movements in interest rate, which depend on various factors such as government borrowing, inflation, economic performance etc. The values of investments will appreciate/depreciate if the interest rates fall/rise.

Interest rate risk mitigation will be through active duration management at the portfolio level through regular monitoring of the interest rate environment in the economy.

**Liquidity risk:** The liquidity of a bond may change depending on market conditions leading to changes in the liquidity premium linked to the price of the bond. At the time of selling the security, the security can become illiquid leading to loss in the value of the portfolio.

The AMC will endeavour to mitigate liquidity risk by mapping investor profile and potential redemption expectations into the portfolio construction to allow the scheme to liquidate assets without significantly impacting portfolio returns.

**Reinvestment risk:** This risk arises from uncertainty in the rate at which cash flows from an investment may be reinvested. This is because the bond will pay coupons, which will have to be reinvested. The rate at which the coupons will be reinvested will depend upon prevailing market rates at the time the coupons are received.

The AMC will endeavor to manage this risk by diversifying investments in instruments with appropriate maturity baskets.

**Settlement risk:** Fixed income securities run the risk of settlement which can adversely affect the ability of the fund house to swiftly execute trading strategies which can lead to adverse movements in NAV. The AMC will endeavor to manage this risk by diversifying the investments in instruments with appropriate maturity baskets.

**Spread Risk:** In a floating rate security the coupon is expressed in terms of a spread or mark up over the benchmark rate. In the life of the security this spread may move adversely leading to loss in value of the portfolio. The yield of the underlying benchmark might not change, but the spread of the security over the underlying benchmark might increase leading to loss in value of the security.

### III. Risks associated with Investing in Derivatives

Derivative products are leveraged instruments and can provide disproportionate gains as well as disproportionate losses to the investor. Execution of such strategies depends upon the ability of the fund manager to identify such opportunities. Identification and execution of the strategies to be pursued by the fund manager involve uncertainty and decision of fund manager may not always

be profitable. No assurance can be given that the fund manager will be able to identify or execute such strategies.

There are certain risks inherent in derivatives. The Derivative products are specialized instruments that require investment techniques and risk analysis different from those associated with stocks. The use of a derivative requires an understanding not only of the underlying instrument but of the derivative itself. Derivatives require the maintenance of adequate controls to monitor the transactions entered into to assess the risk that a derivative adds to the portfolio and the ability to forecast price or interest rate movements correctly. There is a possibility that a loss may be sustained by the portfolio as a result of the failure of another party (usually referred to as the “counterparty”) to comply with the terms of the derivatives contract. Other risks in using derivatives include the risk of mispricing or improper valuation of derivatives and the inability of derivatives to correlate perfectly with underlying assets, rates and indices, illiquidity risk whereby the Scheme may not be able to sell or purchase derivative quickly enough at a fair price. The risks associated with the use of derivatives are different from or possibly greater than, the risks associated with investing directly in securities and other traditional investments. The AMC may use various derivative products, as permitted and within the limits prescribed by SEBI and the RBI from time to time, in an attempt to optimize the value of the portfolio and enhance Unit holder’s interest/value of the Scheme.

There are certain risks inherent in derivatives. These are

**Price Risk:** Despite the risk mitigation provided by various derivative instruments, there remains an inherent price risk which may result in losses exceeding actual underlying.

**Default Risk:** This is the risk that losses will be incurred due to default by counter party. This is also known as credit risk or counterparty risk.

**Basis Risk** – This risk arises when the derivative instrument used to hedge the underlying asset does not match the movement of the underlying being hedged for e.g. mismatch between the maturity date of the futures and the actual selling date of the asset

**Limitations on upside:** Derivatives when used as hedging tool can also limit the profits from a genuine investment transaction.

**Liquidity risk:** Pertains to how saleable a security is in the market. All securities/instruments irrespective of whether they are equity, bonds or derivatives may be exposed to liquidity risk (when the sellers outnumber buyers) which may impact returns while exiting opportunities.

The AMC will monitor the overall economic and credit environment including the systemic liquidity on a regular basis and the outlook will be integrated into the risk control and monitoring of the Scheme to control the risk emanating from derivative investments.

#### **IV. Risks associated with Short Selling**

When the Fund engages in short selling, it will borrow the security from a third party with the understanding that the security will be returned at a later date as and when required by the lender. Short selling a security demonstrates a negative view on a particular security (i.e. an expectation that the stock price will fall in future). However, there is a risk that the stock price may go up contrary to expectations which will result in losses to the Scheme. The losses will be realized to the Scheme if the Scheme may be forced to buy the shares in the market at the prevailing higher market price (than the price at which sold initially) to return the security to the lender if so required by the lender.

#### **V. Risks associated with Securities Lending**

There are risks inherent to securities lending, including the risk of failure or bankruptcy of the counter party, leading to non-compliance with the terms of the agreement by the counterparty. Such failure can result in the possible loss of rights to the collateral, the inability of the counterparty to return the securities deposited by the lender and the possible loss of any corporate benefits accruing thereon.

#### **VI. Risks associated with investing in Securitized Debt**

Securitized Debt is a financial instrument (bond) whose interest and principal payments are backed by an underlying cash flow from another asset. The risks associated with investing in such instruments are:

**Limited Recourse:** The instruments represent an undivided beneficial interest in the underlying receivables and do not represent an obligation of either the Issuer or the Seller or the originator, or the parent or any affiliate of the Seller, Issuer and Originator. No financial recourse is available to the buyer of the security against the Investors' Representative..

**Delinquency and Credit Risk:** Delinquencies and credit losses may cause depletion of the amount available under the Credit Enhancement and thereby the Monthly Investor Payouts to the Holders may get affected if the amount available in the Credit Enhancement facility is not enough to cover the shortfall. On persistent default of an Obligor to repay his obligation, the Servicer may repossess and sell the Vehicle/ Asset. However many factors may affect, delay or prevent the repossession of such Vehicle/Asset or the length of time required to realize the sale proceeds on such sales. In addition, the price at which such Vehicle/Asset may be sold may be lower than the amount due from that Obligor.

**Risks due to possible prepayments:** Full prepayment of a contract may lead to an event in which investors may be exposed to changes in tenor and yield.

**Bankruptcy of the Originator or Seller:** If the service provider becomes subject to bankruptcy proceedings and the court in the bankruptcy proceedings concludes that either the sale from each Originator was not a sale then an Investor could experience losses or delays in the payments due under the instrument.

**Liquidity risk:** There is no assurance that a deep secondary market will develop for the instrument. This could limit the ability of the investor to resell them

Risk mitigating mechanism for securitized debt is explained in details under “Information about the Scheme / where will the Scheme Invest/Securitized Debt”

**VII. Risks associated with investing in Liquid Funds offered by Mutual Funds:**

To the extent of the investments in liquid mutual funds, the risks associated with investing in liquid funds like market risk, credit & default risk, liquidity risk, redemption risk including the possible loss of principal etc. will exist

**VIII. Risk Factors Associated with Investments in REITs and InvITs:**

The above are some of the common risks associated with investments in REITs & InvITs.

- **Market Risk:** REITs and InvITs are volatile and prone to price fluctuations on a daily basis owing to market movements. AMC/Fund Manager’s investment decisions may not always be profitable, as actual market movements may be at variance with the anticipated trends. NAV of the Scheme is vulnerable to movements in the prices of securities invested by the scheme, due to various market related factors like changes in the general market conditions, factors and forces affecting capital market, level of interest rates, trading volumes, settlement periods and transfer procedures.
- **Liquidity Risk:** As the liquidity of the investments made by the Scheme could, at times, be restricted by trading volumes, settlement periods, dissolution of the trust, potential delisting of units on the exchange etc, the time taken by the Mutual Fund for liquidating the investments in the scheme may be high in the event of immediate redemption requirement. Investment in such securities may lead to increase in the scheme portfolio risk.
- **Reinvestment Risk:** Investments in REITs & InvITs may carry reinvestment risk as there could be repatriation of funds by the Trusts in form of buyback of units or Income Distribution cum capital withdrawal option (IDCW) pay-outs, etc. Consequently, the proceeds may get invested in assets providing lower returns.
- **Regulatory/Legal Risk:** REITs and InvITs being new asset classes, rights of unit holders such as right to information etc may differ from existing capital market asset classes under Indian Law.
- **Price-Risk or Interest-Rate Risk:**  
REITs & InvITs run price-risk or interest-rate risk. Generally, when interest rates rise, prices of existing securities fall and when interest rates drop, such prices increase. The extent of fall or rise in the prices is a function of the existing coupon, days to maturity and the increase or decrease in the level of interest rates.

- **Credit Risk** In simple terms this risk means that the issuer of a debenture/ bond or a money market instrument may default on interest payment or even in paying back the principal amount on maturity. REITs & InvITs are likely to have volatile cash flows as the repayment dates would not necessarily be pre scheduled.

To mitigate the risks associated with investments in REITs & InvITs, the Scheme will invest in REITs/InvITs, where adequate due diligence and research has been performed by AMC. The AMC also relies on its own research as well as third party research. This involves one-to-one meetings with the managements, attending conferences and analyst meets and also teleconferences. The analysis will focus, amongst others, on the strength of management, predictability and certainty of cash flows, value of assets, capital structure, business prospects, policy environment, volatility of business conditions, etc.

**IX. Risks associated with segregated portfolio**

1. Investor holding units of segregated portfolio may not able to liquidate their holding till the time recovery of money from the issuer.
2. Security comprises of segregated portfolio may not realise any value.
3. Listing of units of segregated portfolio in recognised stock exchange does not necessarily guarantee their liquidity. There may not be active trading of units in the stock market. Further trading price of units on the stock market may be significantly lower than the prevailing NAV.

<b>Plan and Options</b>	<p>The Scheme offers the following Plans for investment-</p> <ul style="list-style-type: none"> <li>• Regular Plan</li> <li>• Direct Plan</li> <li>•</li> </ul> <p>As per SEBI circular no CIR/IMD/DF/21/2012 dated September 13, 2012, a separate plan (Direct Plan) is provided to the investors for direct investments, i.e., investments not routed through a distributor.</p> <p>The Direct Plan shall have a lower expense ratio excluding distribution expenses, commission, etc., and no commission shall be paid from such plan.</p> <p>The Scheme shall declare a separate NAV for all sub-options under both direct and regular plan. The Regular and the Direct Plan will be maintained under a common portfolio.</p>		

In case where investors do not opt for a particular plan at the time of investment and the application is not routed through a distributor, Direct plan shall be considered as the default plan.

The Default Plan (Direct Plan/Regular Plan) under various scenarios, shall be as below

Scenario	Broker Code as per application form	Plan as per application form	Default Plan to be captured
1	Not mentioned	Not mentioned	Direct Plan
2	Not mentioned	Direct	Direct Plan
3	Not mentioned	Regular	Direct Plan
4	Mentioned	Direct	Direct Plan
5	Direct	Not Mentioned	Direct Plan
6	Direct	Regular	Direct Plan
7	Mentioned	Regular	Regular Plan
8	Mentioned	Not Mentioned	Regular Plan

In cases of wrong/ invalid/ incomplete ARN codes (broker code) mentioned on the application form, the application shall be processed under Regular Plan. The AMC shall contact and obtain the correct ARN code within 30 calendar days of the receipt of the application form from the investor/ distributor. In case, the correct code is not received within 30 calendar days, the AMC shall reprocess the transaction under Direct Plan from the date of application without any exit load.

Within each Plan there are two options –

- a) Income Distribution cum capital withdrawal (IDCW) option and
- b) Growth option

The Growth option will not declare any Income Distribution cum capital withdrawal (IDCW).

In cases where investors do not opt for a particular Option at the time of investment, the default Option will be the Growth Option.

Investors can opt for any one of following modes of Income Distribution cum capital withdrawal (IDCW)–

- a) Income Distribution cum capital withdrawal (IDCW) Payout
- b) Income Distribution cum capital withdrawal (IDCW) Reinvestment and
- c) Income Distribution cum capital withdrawal (IDCW) Transfer.

In cases, where investors have not specified the mode of Income Distribution cum capital withdrawal (IDCW) i.e. payout, reinvestment, Income Distribution cum capital withdrawal (IDCW) transfer, the default mode will be reinvestment.

If the Income Distribution cum capital withdrawal (IDCW) amount is less than Rs. 100/- , the entire Income Distribution cum capital withdrawal (IDCW) amount shall be compulsorily reinvested and no Income Distribution cum capital withdrawal (IDCW) payout will be made.

	<p>Under the Income Distribution cum capital withdrawal (IDCW) transfer plan, all unit holders in the Income Distribution cum capital withdrawal (IDCW) option of the scheme can transfer their Income Distribution cum capital withdrawal (IDCW) to any open ended schemes (as and when made available for subscription) of IDBI Mutual Fund. Minimum Income Distribution cum capital withdrawal (IDCW) in the scheme required to avail Income Distribution cum capital withdrawal (IDCW) Transfer is Rs.1000/-. If an Investor has opted for Income Distribution cum capital withdrawal (IDCW) Transfer and amount is less than Rs.1000, the Income Distribution cum capital withdrawal (IDCW) amount will be reinvested and no transfer will be made.</p> <p>If investors apply for subscription of units under any Plans / Options, the minimum subscription limits for new purchases/additional purchases/SIP will apply to each Plan / Option.</p> <p>Please note that IDBI Small Cap Fund does not assure any Income Distribution cum capital withdrawal (IDCW) under any sub-options in the Income Distribution cum capital withdrawal (IDCW) option. Declaration of Income Distribution cum capital withdrawal (IDCW) is subject to the availability of distributable surplus, if any, in the scheme and at the discretion of the AMC and Trustee Company.</p>

<b>Applicable NAV</b>	<p>Cut-off time is the time before which the Investors Application Form(s) (complete in all respects) should reach the Official Points of Acceptance to be entitled to the Applicable NAV of that Business Day</p> <p>An application will be considered accepted on a Business Day, subject to it being complete in all respects and received and time stamped upto the relevant Cut-off time mentioned below, at any of the Official Points of Acceptance of transactions. Where an application is received and the time stamping is done after the relevant Cut-off time the request will be deemed to have been received on the next Business Day.</p> <p><b>Subscription/ Purchase including switch-in</b></p> <p>The following cut-off timings shall be observed by a mutual fund for any application amount in respect of purchase of units in the scheme and its plans / options, where the following NAVs shall be applied for such purchase:</p> <ol style="list-style-type: none"> <li>1. In respect of valid applications received up to 3.00 p.m. on a business day and where the funds for the entire amount are available for utilization before the cut-off time without availing any credit facility, whether, intra-day or otherwise - the closing NAV of the Business Day shall be applicable.</li> <li>2. In respect of valid applications received after 3.00 p.m. on a business day and funds for the entire amount are available for utilization on the same day before the cut-off time of the next Business Day without availing any credit facility, whether, intra-day or otherwise – the closing NAV of the next business day shall be applicable.</li> </ol> <p>and</p>

3. Irrespective of the time of receipt of application, where the funds for the entire amount are not available for utilization before the cut-off time without availing any credit facility, whether, intra-day or otherwise - the closing NAV of such business day on which the funds are available for utilization before cut-off time shall be applicable.

For investments of any amount through systematic investment routes such as Systematic Investment Plans (SIP), Systematic Transfer Plans (STP) Income Distribution cum capital withdrawal (IDCW) Transfer etc., the units will be allotted as per the closing NAV of the Business day on which the funds are available for utilization before cut-off time, irrespective of the amount and installment date of the SIP, STP or record date of Income Distribution cum capital withdrawal (IDCW) etc.

**Redemptions including Switch-out:**

The following cut-off timings shall be applicable with respect to repurchase of units in the Scheme and the following NAVs shall be applied for such repurchase:

- a. Where the application is received up to 3.00 pm on a business day – closing NAV of the day on which the application is received; and
- b. An application received after 3.00 pm on a business day – closing NAV of the next business day.

**Switches:**

In case of 'switch' transactions from one scheme to another, the allotment shall be in line with redemption payouts and realization of funds into the switch-in scheme (where applicable)

**Transactions through online facilities / electronic modes:**

The time of transaction done through various online facilities / electronic modes offered by the AMC, for the purpose of determining the applicability of NAV, would be the time when the request for purchase / sale / switch of units is received in the servers of AMC/RTA.

In case of transactions through online facilities / electronic modes, there may be a time lag of upto 1 to 3 banking days between the amount of subscription being debited to investor's bank account and the subsequent credit into the respective Scheme's bank account. This lag may impact the applicability of NAV for transactions where NAV is to be applied, based on actual realization of funds by the Scheme. Under no circumstances will IDBI Asset Management Limited or its bankers or its service providers be liable for any lag / delay in realization of funds and consequent pricing of units.

	<p>Note - The provisions relating to Minimum Amount (including Additional Application Amount) for subscription / purchase will not be applicable for investments made in the name of Designated Employees of the AMC pursuant to SEBI circular vide reference no. SEBI/HO/IMD/IMD-I/DOF-5/P/CIR/2021/553 dated April 28, 2021 read along with SEBI circular vide reference no. SEBI/HO/IMD/IMD-I/DOF-5/P/CIR/2021/629 dated September 20, 2021 (Alignment of interest of Designated Employees of Asset Management Companies (AMCs) with the Unitholders of the Mutual Fund Schemes).</p>		
<p><b>Dispatch of Repurchase (Redemption ) Request</b></p>	<p>The Mutual Fund will endeavor to dispatch the redemption proceeds not later than 10 business days from the date of acceptance of a valid redemption request. In case the redemption proceeds are not dispatched within 10 business days of the date of receipt of valid redemption request, the AMC will pay interest @ 15% p.a.(at present) or such other rate as may be prescribed from time to time</p>		
<p><b>Restriction on Redemption</b></p>	<p>Restrictions on redemptions, if any, shall be imposed only as per the stipulations of SEBI circular No. SEBI/HO/IMD/DF2/CIR/P/2016/57 dated May 31, 2016. Such a restriction may be imposed when there are circumstances leading to a systemic crisis or event that severely constricts market liquidity or the efficient functioning of markets such as:</p> <p>i. <b>Liquidity issues</b> - when market at large becomes illiquid affecting almost all securities rather than any issuer specific security. AMC should have in place sound internal liquidity management tools for schemes. Restriction on redemption cannot be used as an ordinary tool in order to manage the liquidity of a scheme. Further, restriction on redemption due to illiquidity of a specific security in the portfolio of a scheme due to a poor investment decision shall not be allowed.</p> <p>ii. <b>Market failures, exchange closures</b> - when markets are affected by unexpected events which impact the functioning of exchanges or the regular course of transactions. Such unexpected events could also be related to political, economic, military, monetary or other emergencies.</p> <p>iii. <b>Operational issues</b> – when exceptional circumstances are caused by force majeure, unpredictable operational problems and technical failures (e.g. a black out). Such cases can only be considered if they are reasonably unpredictable and occur in spite of appropriate diligence of third parties, adequate and effective disaster recovery procedures and systems.</p>		

	<p>Restriction on redemption shall be imposed only with the approval of the Board of AMC and Trustee Company. Such imposition of restriction shall be immediately intimated to SEBI.</p> <p>The restriction shall be imposed for a specified period of time not exceeding 10 working days in any 90 days period.</p> <p>When restriction on redemption is imposed, following procedure shall be applied by AMC:</p> <ol style="list-style-type: none"> <li>1. No redemption requests up to INR 2 lakhs shall be subject to such restriction.</li> <li>2. Where redemption requests are above INR 2 lakhs, AMC shall redeem the first INR 2 lakhs without such restriction and remaining part over and above INR 2 lakhs shall be subject to such restriction.</li> </ol>

**i) Load Structure**

**Entry Load (For normal transactions / Switch-in and SIP) – Not applicable**

In terms of SEBI Circular No. SEBI/IMD/CIR No. 4/168230/09 dated June 30, 2009, no entry load will be charged on purchase / additional purchase / switch-in. The upfront commission, if any, on investment made by the investor shall be paid by the investor directly to the Distributor, based on his assessment of various factors including the service rendered by the Distributor.

**Exit Load (Redemption/ Switch-out/ Transfer/SWP):** 1% for exit within 12 months from the date of allotment. In terms of SEBI vide circular Ref no: CIR/IMD/DF/21/2012 dated September 13, 2012 and notification dated September 26, 2012 requires, the exit load, if any, charged by mutual fund scheme to be credited to the respective scheme after debiting applicable GST, if any on the next business day.

The exit load will be applicable for both normal transactions and SIP transactions. In case of Systematic Investment Plan (SIP) transactions, the date of allotment for each installment for subscription will be reckoned for charging exit load on redemption.

No exit load shall be levied for switching between Options (Growth/ Income Distribution cum capital withdrawal option (IDCW)) under the same Plan (Regular/Direct) within a Scheme. Switch of investments from Regular Plan to Direct Plan under the same Scheme shall be subject to applicable exit load, unless the investments were made directly i.e. without any distributor code. However, any subsequent switch-out or redemption of such investments from Direct Plan will not be subject to any exit load.

No exit load shall be levied for switch-out from Direct Plan to Regular Plan within the same Scheme. However, any subsequent switch-out or redemption of such investment from Regular Plan shall be subject to exit load based on the date of switch-in of investment into the Regular Plan.

No exit load will be levied on Bonus Units (if any) and Units allotted on Income Distribution cum capital withdrawal option (IDCW) Re-investment.

**ii) Recurring expenses**

As per regulation 52(6A)(C) the total annual recurring expenses of the scheme excluding issue or redemption expenses, whether initially borne by the Mutual Fund or by the AMC, but including the investment management and advisory fee shall be subject to the following limits

<b>Assets under management Slab (In Rs. Crore)</b>	<b>Total expense ratio limits</b>
on the first Rs.500 crores of the daily net assets	2.25%
on the next Rs.250 crores of the daily net assets	2.00%
on the next Rs.1,250 crores of the daily net assets	1.75%
on the next Rs.3,000 crores of the daily net assets	1.60%
on the next Rs.5,000 crores of the daily net assets	1.50%
On the next Rs.40,000 crores of the daily net assets	Total expense ratio reduction of 0.05% for every increase of Rs.5,000 crores of daily net assets or part thereof.
On balance of the assets	1.05%

As per regulation 52(6A) of SEBI (MF) Regulations,1996, the AMC may charge the scheme with following additional expense.

- a) expenses not exceeding of 0.30% of daily net assets, if the new inflows from beyond top 30 cities ( or such cities as specified by the Board from time to

time) are at least -

(i) 30% of gross new inflows in the scheme,  
or;

(ii) 15% of the average assets under management (year to date) of the scheme,

Whichever is higher:

Provided that if inflows from such cities is less than the higher of sub-clause (i) or sub-clause (ii), such expenses on daily net assets of the scheme shall be charged on proportionate basis by using the following formula.

Daily net assets X 30 basis points X New inflows from beyond top 15 cities  
365\* X Higher of (i) or (ii) above

\* 366, wherever applicable.

Provided further that expenses charged under this clause shall be utilized for distribution expenses incurred for bringing inflows from such cities:

Further that amount incurred as expense on account of inflows from such cities shall be credited back to the scheme in case the said inflows are redeemed within a period of one year from the date of investment;

The top 30 cities shall mean top 30 cities based on Association of Mutual Funds in India (AMFI) data on 'AUM by Geography – Consolidated Data for Mutual Fund Industry' as at the end of the previous financial year.

- b) Additional expenses, incurred towards different heads mentioned under sub-regulations (2) and (4) of regulation 52 of SEBI (Mutual Fund) (Second Amendment) Regulations, 2012, not exceeding 0.05% of daily net assets of the scheme.”

The AMC has estimated that annual recurring expenses of up to 2.25%p.a. (for the first 500 crores) of the daily net assets may be charged to the Scheme without including the additional expense incurred towards distribution of assets to cities beyond Top 30 cities. The maximum expense including additional expense towards distribution of assets to cities beyond Top 30 cities, if any, will not exceed 2.60% p.a of the daily net assets that may be charged to the Scheme.

Investors making investments directly with the mutual fund under the direct plan will be benefitted with a lower expense ratio excluding distribution expenses, commission, etc and no commission shall be paid from such plans.

#### **Investor Education and Awareness**

Mutual Funds/AMCs shall annually set apart at least 2 basis points (0.02%) on daily

net assets within the maximum limit of TER as per regulation 52 of the Regulations for investor education and awareness initiatives.

**Goods and Services Tax (GST)**

- The AMCs may charge GST on investment and advisory fees to the scheme in addition to the maximum limit of TER as prescribed in regulation 52 of the Regulations.
- GST on other than investment and advisory fees, if any, shall be borne by the scheme within the maximum limit of TER as per regulation 52 of the Regulations.
- GST on brokerage and transaction cost paid for asset purchases, if any, shall be within the limit prescribed under regulation 52 of the Regulations.
- 

For the actual current expenses being charged, the investor should refer to the website of the Mutual Fund ([www.idbimutual.co.in](http://www.idbimutual.co.in)). Further, any change in the expense ratio will be updated on our website and the same change will be communicated to investor via SMS / e-mail 3 working days prior to the effective date of change (not applicable for changes in TER due to change in AUM or due to various other regulatory requirement). The exact web link for TER is <https://www.idbimutual.co.in/statutory-disclosure/total-expense-ratio-of-mutual-fund-schemes#> .

**Transaction Charges**

As per SEBI circular Cir/ IMD/ DF/13/ 2011 dated August 22, 2011 the distributor is entitled to charge a transaction charge per subscription of Rs. 10,000/- and above. However, there shall be no transaction charges on direct investments. The transaction charge shall be subject to the following:

- i. For existing investors in a Mutual Fund, the distributor may be paid Rs.100/- as transaction charge per subscription of Rs. 10,000/- and above.
- ii. The distributor may be paid Rs.150/- as transaction charge for a first time investor in Mutual Funds.
- iii. The transaction charge, if any, shall be deducted by the AMC from the subscription amount and paid to the distributor; and the balance shall be invested.

	<p>iv. The AMCs shall be responsible for any malpractice/mis-selling by the distributor while charging transaction costs.</p> <p>v. There shall be no transaction charge on subscription below Rs.10, 000/-</p> <p>vi. In case of SIPs, the transaction charge shall be applicable only if the total commitment through SIPs amounts to Rs. 10,000/- and above. In such cases the transaction charge shall be recovered in 3-4 installments.</p> <p>vii. There shall be no transaction charge on transactions other than purchases/subscriptions relating to new inflows.</p> <p>viii. The statement of account shall clearly state that the net investment as gross subscription less transaction charge and the number of units allotted against the net investment.</p> <p>ix. Distributors shall be able to choose to opt out of charging the transaction charge. However, the 'opt-out' shall be at distributor level and not investor level i.e. a distributor shall not charge one investor and choose not to charge another investor. Further, Distributors shall have also the option to either opt in or opt out of levying transaction charge based on type of the product.</p> <p>It is also clarified that as per SEBI circular no. SEBI/IMD/CIR No. 4/ 168230/09, dated June 30, 2009, upfront commission to distributors shall continue to be paid by the investor directly to the distributor by a separate cheque based on his assessment of various factors including the service rendered by the distributor.</p>
