<p>Risk factors</p>	<p>For Risk Factors please refer to paragraph on “Risk Factors” in this document.</p>

I. INTRODUCTION

A. RISK FACTORS

STANDARD RISK FACTOR:

1. Mutual Fund and securities investments are subject to market risks and there can be no assurance or guarantee that the objectives of the Scheme will be achieved.
2. Investment in Mutual Fund Units involves investment risks such as trading volumes, settlement risk, liquidity risk, default risk including the possible loss of principal.
3. As the price / value / interest rates of the securities in which the Scheme invest fluctuate, the value of your investment in the scheme may go up or down depending on the various factors and forces affecting government securities market and money markets.
4. Past performance of the Sponsor / AMC / Mutual Fund does not guarantee future performance of the Scheme and may not necessarily provide a basis of comparison with other investments.
5. LIC MF G-SEC Long Term ETF is the name of the Scheme and do not, in any manner, indicate either the quality of the Scheme or their future prospects or returns.
6. The Sponsors are not responsible or liable for any loss resulting from the operation of the Schemes beyond the initial contribution of Rs. 2 crs made by it towards setting up the Fund.
7. The present scheme is not guaranteed or assured return scheme.

SCHEME SPECIFIC RISK FACTOR:

The Scheme is subject to the principal risks described below. Some or all of these risks may adversely affect Schemes' NAV, yield, return and/or its ability to meet its objectives.

RISK FACTORS ASSOCIATED WITH INVESTMENTS IN FIXED INCOME SECURITIES:

Credit and Counterparty risk: Credit risk or default risk refers to the risk that an issuer of a fixed income security may default (i.e., will be unable to make timely principal and interest payments on the security or honor its contractual obligations).

Counterparty risk refers to the counterparty's inability to honor its commitments (payment, delivery, repayment, etc.) and to risk of default. This risk relates to the quality of the counterparty to which the scheme has exposures. Losses can occur in particular for the settlement/delivery of financial instruments.

If the credit rating of an issue, issuer or counterparty is downgraded this may cause the value of the related debt securities in which the scheme has invested to fall.

Liquidity Risk: The liquidity of the scheme's investment is inherently restricted by trading volumes in the securities in which the Fund invests.

Even though the Government securities market is more liquid compared to other debt instruments, on occasions, there could be difficulties in transacting in the market due to extreme volatility or unusual constriction in market volumes or on occasions when an unusually large transaction has to be put through.

A lower level of liquidity affecting an individual security or an entire market at the same time may have an adverse bearing on the value of the scheme's assets. More importantly, this may affect the Fund's ability to sell particular securities quickly enough to minimize impact cost, as and when necessary to meet requirements of liquidity or to sell securities in response to triggers such as a specific economic/corporate event.

Trading volumes, settlement periods and transfer procedures may restrict the liquidity of a few or all of the investments and may affect the liquidity of the investments of the scheme.

The scheme may be unable to implement purchase or sale decisions when the markets turn illiquid, missing some investment opportunities or limiting ability to face redemptions. The lack of liquidity could also lead to the risk that the sale price of a security could be substantially lower than the fair value of the security.

Interest Rate Risk & Re-investment Risk: The value of an investment may be affected by interest rate fluctuations. Interest rates may be influenced by several elements or events, such as monetary policy, the discount rate, inflation, etc.

The value of debt and fixed income securities held by the scheme generally will vary inversely with the changes in prevailing interest rates. In general, price of debt and fixed income securities go up when interest rates fall, and vice versa.

The investments made by the scheme are subject to reinvestment risk. This risk refers to the interest rate levels at which cash flows received from the securities in the scheme are reinvested. The additional income from reinvestment is the "interest on interest" component. The risk is that the rate at which interim cash flows can be reinvested may be lower than that originally assumed.

Concentration Risk: The scheme may pursue only a limited degree of diversification. It may invest a greater proportion of assets in the securities of very few issuers (within the limits permitted by regulation) or be concentrated on a few market sectors as compared to a diversified scheme. This could have implications on the performance of the scheme. The scheme may be more sensitive to economic, business, political or other changes and this may lead to sizeable fluctuation in the Net Asset Value of the scheme.

Sovereign risk: The Central Government of India is the issuer of the local currency debt in India. The Government raises money to meet its capital and revenue expenditure by issuing debt or discounted securities. Since payment of interest and principal amount has a sovereign status implying least probability of a default, such securities are known as securities with sovereign credit. It also implies that the credit risk on such Government securities is even lower than that on non-government securities with "AAA" rating and hence yields on government securities are even lower than yields on non-government securities with "AAA" rating.

General Provisions : Debt Securities are subject to the risk of an issuer's inability to meet principal and interest payments on the obligation (credit risk) and may also be subject to price volatility due to such factors as interest rate sensitivity, market perception of the creditworthiness of the issuer and general market liquidity (market risk). The Fund Manager will consider both credit risk and market risk in making investment decisions for the Schemes. The timing of transactions in debt obligations, which will often depend on the timing of the Purchases and Redemptions in the Schemes, may result in capital appreciation or depreciation because the value of debt obligations generally varies inversely with the prevailing interest rates.

Prepayment Risk: A borrower may prepay a receivable prior to its due date. This may result in a change in the yield and tenor for the Schemes.

Zero Coupon and Deferred Interest Bonds: The Schemes may invest in zero coupon bonds and deferred interest bonds, which are debt obligations issued at a discount to their face value. Zero coupon bonds do not provide periodic interest payments and deferred interest bonds generally provide for a period of delay before the regular payment of interest begins. Such investments experience greater volatility in market value due to changes in interest rates than debt obligations which provide for regular payments of interest, and the Schemes may accrue income on such obligations even though it receives no cash.

Market Risk: All mutual funds and securities investments are subject to market risk and there can be no assurance / guarantee that the scheme's objectives will be achieved. The securities that the scheme invests in would be exposed to price changes on a day-to-day basis. These price changes may occur due to instrument-specific factors as well as general macroeconomic conditions.

Markets are volatile and can decline significantly in response to adverse issuer, political, regulatory, market, or economic developments. The scheme may be subject to price volatility due to factors such as interest sensitivity, market perception, and creditworthiness of issuer and market liquidity.

Different parts of the market can react differently to these developments. The value of an individual security or particular type of security can be more volatile than the market as a whole and can perform differently from the value of the market as a whole.

RISK FACTORS ASSOCIATED WITH INVESTMENTS IN LONG TERM GOVERNMENT SECURITIES:

Interest rate risk: When interest rates rise, bond prices fall; conversely, when rates decline, bond prices rise. The longer the time to a bond's maturity, the greater will be its interest rate risk. Since the scheme would invest in government securities having maturity from 8 years to 13 years, interest rate risk would remain.

Inflation risk: Inflation causes tomorrow's money to be worth less than today's; in other words, it reduces the purchasing power of a bond investor's future interest payments and principal, collectively known as "cash flows." Inflation also leads to higher interest rates, which in turn leads to lower bond prices.

Legislative risk: The risk that a change in the tax code could affect the value of taxable or tax-exempt interest income.

Liquidity risk: The risk that the fund may have difficulty finding a buyer when they want to sell and may be forced to sell at a significant discount to market value.

RISKS ASSOCIATED WITH MARKET TRADING:

Absence of Prior Active Market: Although the units of Exchange Traded Funds are listed on the Stock Exchange for trading, there can be no assurance that an active secondary market will develop or be maintained.

Lack of Market Liquidity: Trading in units of Exchange Traded Funds on the Stock Exchange on which it is listed may be halted because of market conditions or for reasons that, in the view of the concerned Stock Exchange or Market Regulator, trading in the Exchange Traded Fund Units is inadvisable. In addition, trading in the units of Exchange Traded Funds is subject to trading halts caused by extraordinary market volatility pursuant to 'circuit breaker' rules. There can be no assurance that the requirements of the concerned Stock Exchange necessary to maintain the listing of the units of Exchange Traded Funds will continue to be met or will remain unchanged.

Units of Exchange Traded Funds May Trade at Prices Other than NAV: Units of Exchange Traded Funds may trade above or below their NAV. The NAV of Units of Exchange Traded Funds may fluctuate with changes in the market value of a Scheme's holdings. The trading prices of units of Exchange Traded Fund will fluctuate in accordance with changes in their NAVs as well as market supply and demand. However, given that Exchange Traded Funds can be created / redeemed in Creation Units, directly with the fund, large discounts or premiums to the NAVs will not sustain due to arbitrage possibility available.

Regulatory Risk: Any changes in trading regulations by the Exchange or SEBI may affect the ability of market maker to arbitrage resulting into wider premium/discount to NAV. Although LIC MF G-SEC Long Term Exchange Traded Fund are proposed to be listed on an Exchange, the AMC and the Trustees will not be liable for delay in listing of Units of the Scheme on Exchange / or due to connectivity problems with the depositories due to the occurrence of any event beyond their control.

Political Risks: Whereas the Indian market was formerly restrictive, a process of deregulation has been taking place over recent years. This process has involved removal of trade barriers and protectionist measures, which could adversely affect the value of investments. It is possible that the future changes in the Indian political situation, including political, social or economic instability, diplomatic developments and changes in laws and regulations could have an effect on the value of investments. Expropriation, confiscatory taxation or other relevant developments could affect the value of investments.

Right to Limit Redemptions: The Trustee, in the general interest of the unit holders of the Scheme offered under this Offer Document and keeping in view of the unforeseen circumstances/unusual market conditions, may limit the total number of Units which can be redeemed on any Business Day depending on the total "Saleable Underlying Stock" available with the fund.

Redemption Risk – The Unit Holders may note that even though this is an open ended scheme, the Scheme would ordinarily repurchase Units in Creation Unit size. Thus, unit holdings less than the Creation Unit size can normally only be sold through the secondary market, unless no quotes are available on the Exchange for 3 trading days consecutively.

Passive Investments: As LIC MF G-SEC Long Term Exchange Traded Fund is not actively managed, the underlying investments may be affected by a general decline in the Indian markets relating to its Underlying Index. The scheme invests in the securities included in its underlying index regardless of their investment merit. The AMC does not attempt to take defensive positions in declining markets. Further, the fund manager does not make any judgment about the investment merit nor shall attempt to apply any economic, financial or market analysis.

OTHER RISKS

Risk associated with inflation: Over time, yields of short-term investments may not keep pace with inflation, leading to a reduction in an investment's purchasing power.

Legal Risk: The scheme may be affected by the actions of government and regulatory bodies. Legislation could be imposed retrospectively or may be issued in the form of internal regulations which the public may not be aware of. Legislation (including legislation relating to tax) or regulation may be introduced which inhibits the scheme from pursuing their strategies or which renders an existing strategy less profitable than anticipated. Such actions may take any form, for example nationalization of any institution or restrictions on investment strategies in any given market sector or changing requirements and imposed without prior warning by any regulator.

Valuation Risk: This risk relates to the fact that markets, in specific situations and due to lack of volumes of transactions, do not enable an accurate assessment of the fair value of invested assets. In such cases, valuation risk represents the possibility that, when a financial instrument matures or is sold in the market, the amount received is less than anticipated, incurring a loss to the portfolio and therefore impacting negatively the NAV of the scheme.

Past performance of the Sponsor/ the AMC/ the Mutual Fund is not indicative of the future performance of the Scheme. LIC MF G-SEC Long Term Exchange Traded Fund is the name of the Scheme and does not in any manner indicate either the quality of the Scheme; its future prospects or returns.

B. REQUIREMENT OF MINIMUM INVESTORS IN THE SCHEME

As per Circular number SEBI/IMD/CIR NO 10/22701/03 dated December 12, 2003, the above guidelines are not applicable for Exchange Traded Funds. As LIC MF G-SEC Long Term Exchange Traded Fund is an exchange traded fund, same is not applicable.

C. SPECIAL CONSIDERATION

- Changes in Government Policy in general and changes in tax benefits applicable to mutual funds may impact the returns to investors in the Scheme.
- The NAV of the scheme may be affected by changes in the general market conditions, factors and forces affecting capital market in particular, level of interest rates, various market related factors, settlement periods and transfer procedures.
- Mutual Funds are vehicles of securities investments that are subject to market and other risks and there can be no guarantee against loss resulting from investing in the Scheme. The various factors that impact the value of the Scheme' investments include, but are not restricted to, fluctuations in the markets, fluctuations in interest rates, prevailing political and economic environment, changes in government policy, factors specific to the issuer of the securities, tax laws, liquidity of the underlying instruments, settlement periods, trading volumes etc.
- Redemptions due to change in the fundamental attributes of the Scheme or due to any other reasons may entail tax consequences. The Trustees, the Mutual Fund, the AMC, their directors or their employees shall not be liable for any tax consequences that may arise.
- Execution of investment strategies depends upon the ability of the fund manager to identify such opportunities which may not be available at all times and that the decisions made by the fund manager may not always be profitable. Investors may note that AMC/Fund Manager's investment decisions may not always be profitable, as actual market movements may be at variance with anticipated trends.
- Investors should study this Scheme Information Document carefully in its entirety and should not construe the contents hereof as advise relating to legal, taxation, investment or any other matters. Investors may, if they wish, consult their legal, tax, investment and other professional advisors to determine possible legal, tax, financial or other considerations of subscribing to or redeeming Units, before making a decision to invest/redeem Units.
- Neither this Document nor the Units have been registered in any jurisdiction. The distribution of this Document in certain jurisdictions may be restricted or totally prohibited due to registration requirements and accordingly, persons who come into possession of this Document are required to inform themselves about and to observe any such restrictions and or legal compliance requirements.
- No person has been authorized to issue any advertisement or to give any information or to make any representations other than that contained in this Document. Circulars in connection with this offering not authorized by the Mutual Fund and any information or representations not contained herein must not be relied upon as having been authorized by the Mutual Fund.

II. INFORMATION ABOUT THE SCHEME

A. NAME & TYPE OF THE SCHEME

LIC MF G-SEC Long Term Exchange Traded Fund is an Open Ended Scheme replicating/tracking Nifty 8-13 Yr. G-Sec Index

INVESTMENT OBJECTIVE OF THE SCHEME

The investment objective of the scheme is to provide returns that closely correspond to the total returns of securities as represented by Nifty 8-13 yr G-Sec, subject to tracking errors.

However, there is no assurance that the investment objective of the scheme will be achieved.

B. ASSET ALLOCATION PATTERN

Under normal circumstances, the asset allocation pattern will be as follows:

Instruments	Indicative allocations (% of total assets)		Risk Profile
	Minimum	Maximum	High/Medium/Low
Securities comprising of underlying benchmark Index.	95	100	Low
Other Debt and Money market instruments*	0	5	Low

*Money Market Instruments include commercial papers, commercial bills, treasury bills, and Government securities, call or notice money, certificate of deposit, usance bills, Triparty Repo and any other like instruments as specified by the Reserve Bank of India from time to time.

The net assets of the scheme will be invested predominantly in securities constituting the Nifty 8-13 Yr G-Sec Index. This would be done by investing in all securities with the same weightage that they represent in the Nifty 8-13 Yr G-Sec Index.

A small portion of the net assets will be invested in Debt and money market instruments permitted by SEBI / RBI including call money market or in alternative investment for the call money market as may be provided by the RBI, to meet the liquidity requirements of the scheme.

The scheme does not intend to invest in securitized debt instruments and foreign securities. The scheme would not invest in derivatives.

The Scheme shall not engage in securities lending and borrowing.

The scheme will not engage in short selling activities.

Subject to the SEBI Regulations, the asset allocation pattern indicated above may change from time to time, keeping in view market conditions, market opportunities, applicable regulations and political and economic factors. It must be clearly understood that the percentages stated are only indicative and not absolute. These proportions can vary substantially depending upon the perception of the Investment Manager; the intention being at all times to seek to protect the interests of the Unitholders. Such changes in the investment pattern will be for short term and for defensive considerations only.

Since LIC MF G-SEC Long Term ETF is a passively managed exchange traded open ended index scheme, therefore change in investment pattern is normally not foreseen. However, for short durations part of the corpus may be pending for deployment, in cases of extreme market conditions or special events.

In the event of any deviations, the Investment Manager shall rebalance the portfolio within 30 days from the date of said deviation. Where the portfolio is not rebalanced within 30 Days, justification for the same shall be placed before the Investment Committee

and reasons for the same shall be recorded in writing. The Investment Committee shall then decide on the course of action. However, at all times the portfolio will adhere to the overall investment objectives of the Schemes. Such changes in the investment pattern will be for a short term and for defensive considerations and the intention being at all times to seek to protect the interests of the Unit Holders.

C. WHERE WILL THE SCHEME INVEST?

The corpus of the scheme will be primarily invested in government securities. Further, the scheme will also invest in money market instruments aiming to reduce interest rate risk of the scheme. The actual percentage of investment in these securities will be decided after considering various factors such as the prevailing inflation and interest rate scenario, performance of corporate sector, general liquidity and other considerations. Subject to SEBI Regulations and other prevailing laws as applicable, the net assets of the Scheme can be invested in any (but not exclusively) of the following securities:

- 1) Securities created and issued by Governments of India and/or repos/reverse repos in such Government Securities as may be permitted by RBI (including but not limited to coupon bearing bonds, zero coupon bonds and treasury bills).
- 2) Securities guaranteed by the Central and State Governments (including but not limited to coupon bearing bonds, zero coupon bonds and treasury bills).
Debt obligations of domestic Government agencies and statutory bodies, which may or may not carry a Central/State Government guarantee.
- 3) Money market instruments permitted by SEBI/RBI, having maturities upto one year, in call money market or in alternative investment for the call money market as may be provided by the RBI to meet the liquidity requirements.
- 4) Certificate of Deposits (CDs).
- 5) Commercial Paper (CPs).
- 6) Any other like instruments as may be permitted by RBI/SEBI/ such other Regulatory Authority from time to time. The securities mentioned above could be listed or unlisted, secured or unsecured, rated or un-rated and of varying maturity, as enabled under SEBI Regulations/ circulars/ R B I .

The Scheme may also enter into repurchase and reverses repurchase obligations in all securities held by it as per the guidelines and regulations applicable to such transactions.

Investment Process and Recording of Investment Decisions

LIC MF G-SEC Long Term ETF will endeavour to track the respective underlying index by investing in the constituents of the respective underlying Index. The investment decisions will be as per the investment objective and the AMC will review the investments made by the scheme from time to time. Recording of investment decisions would be in accordance with SEBI regulation. However, since the schemes shall be passively managed funds, the subscriptions are deployed and redeemed without timing such investment.

Investments in the Scheme by the AMC, Sponsor, or their affiliates in the Schemes

The AMC, Sponsor, Trustee and their associates or affiliates may invest in the Scheme on ongoing basis subject to the SEBI Regulations & circulars issued by SEBI and to the extent permitted by its Board of Directors from time to time. As per the existing SEBI Regulations, the AMC will not charge investment management and advisory fee on the investment made by it in the Scheme.

Investment of Subscription Money

Pending deployment of the funds of the Scheme in terms of the investment objective, the Fund can invest the funds of the Scheme in short term deposits of scheduled commercial banks as per the guidelines given in SEBI Circular no. SEBI/IMD/CIR No. 1/91171/07 dated April 16, 2007, or money market instruments.

Borrowing by the Mutual Fund

Under the SEBI Regulations, the Mutual Fund is allowed to borrow to meet the temporary liquidity requirements of its Scheme for the purpose of Redemption of Units or the payment of interest to the Unit holders. Further, as per the SEBI Regulations, the Mutual Fund shall not borrow more than 20% of the Net Assets of the scheme and the duration of such borrowing shall not exceed a period of six months. The Mutual Fund may raise such borrowings after approval by the Trustee from Sponsor or any of its Associate / Group Companies or Banks in India or any other entity at market related rates prevailing at the time and applicable to similar borrowings. The security for such borrowings, if required, will be as determined by the Trustee.

D. WHAT ARE THE INVESTMENT STRATEGIES?

The Fund would invest not less than 95% of its corpus in securities comprising the underlying index and endeavour to track the benchmark index while minimizing the tracking error and therefore would follow a passive investment strategy. The scheme would aim to maintain least amount of cash & will also try & avoid investment in debt & money market securities. This would only be for the purpose of redemption requirements.

Risk control measures

Since investing requires disciplined risk management, the AMC would endeavour to incorporate adequate safeguards for controlling risks in the portfolio construction process. The Fund Manager will also review all counterparties prior to transacting, using internal guidelines. The fund manager shall follow the asset allocation pattern in SID under normal circumstances and residual cash may be invested in the Triparty Repo / repo market, which seeks to ensure liquidity in the scheme under normal circumstances. There can however be no guarantee against liquidity issues within the scheme.

The AMC may also implement certain internal control procedures / risk & exposure limits etc. for controlling risks which may be varied from time to time.

TRACKING ERROR

While the objective of the Scheme is to closely track the index, the performance may not be commensurate with the performance of the underlying Index on any given day or over any given period. Such variations are commonly referred to as the tracking error.

Tracking errors are inherent in any index fund and such errors may cause the scheme to generate returns which are not in line with the performance of the Nifty 8-13 yr G-Sec or one or more securities covered by / included in the Nifty 8-13 yr G-Sec and may arise from a variety of factors including but not limited to:

1. Any delay experienced in the purchase or sale of shares due to illiquidity of the market, settlement and realisation of sale proceeds and / or the registration of any securities transferred and / or any delays in receiving cash dividends and resulting delays in reinvesting them.
2. The Nifty 8-13 yr G-Sec reflects the prices of securities at close of business hours. However, the Fund may buy or sell the securities at different points of time during the trading session at the then prevailing prices which may not correspond to the closing prices on the NSE.
3. The constituent securities of the underlying index may be revised periodically by either excluding or including new securities. In such an event, the Fund will endeavour to reallocate its portfolio, but the available investment / disinvestment opportunities may not permit precise mirroring of the underlying index in a short period of time.
4. The charging of expenses to the scheme including investment management fees and custodian fees.
5. The potential for trades to fail, which may result the Schemes not having acquired shares at a price necessary to track the index.
6. The holding of a cash position and accrued income prior to distribution and accrued expenses.
7. Disinvestments to meet redemptions, recurring expenses, etc.

AMC would monitor the tracking error of the Scheme on an ongoing basis and would seek to minimize tracking error to the maximum extent possible. Under normal circumstances, such tracking errors are not expected to exceed above 2% per annum. However, this may vary due to the reasons mentioned above or any other reasons that may arise and particularly when the markets are very volatile. However, there can be no assurance or guarantee that the Scheme will achieve any particular level of tracking error relative to performance of the Underlying Index.

Portfolio Turnover

The Scheme shall be a passively managed, Index Linked, open ended, exchange traded fund. It is therefore expected that there would be a number of subscriptions and redemptions on a daily basis through Authorised Participants and Large Investors. Generally, turnover will depend upon the extent of purchase and redemption of units and the need to rebalance the portfolio on account of change in the composition will be done within 30 days, if any, and corporate actions of securities included in Index.

The scheme has no explicit constraints either to maintain or limit the portfolio turnover. It would be also difficult to have any reasonable accuracy in estimating the likely portfolio turnover. However, the fund manager intends to avoid any transactions in the portfolio unless there is any subscription, redemption or change in the underlying Index.

E. FUNDAMENTAL ATTRIBUTES

Following are the Fundamental Attributes of the Scheme, in terms of Regulation 18(15A) of the SEBI (MF) Regulations:

i) Type of the Scheme

An Open Ended Scheme replicating/tracking Nifty 8-13 Yr. G-Sec Index

(ii) Investment Objective

Main Objective: The investment objective of the scheme is to provide returns that closely correspond to the total returns of securities as represented by Nifty 8- 13 Yr G-Sec Index, subject to tracking errors.

However, there is no assurance that the investment objective of the scheme will be achieved.

(iii) Investment Pattern: The indicative portfolio break-up with minimum and maximum asset allocation is detailed in the section "ASSET ALLOCATION PATTERN". The fund manager reserves the right to alter the asset allocation for a short term period on defensive considerations.

(iv) Terms of Issue

(a) Liquidity provisions such as repurchase/redemption of units

LIC MF G-SEC Long Term Exchange Traded Fund shall be listed on the Exchange, subsequent buying or selling by Unit holders can be made from the secondary market. For details on repurchase/redemption of units please refer section on redemption.

(b) Aggregate Fees and expenses charged to the Scheme

i) New Fund Offer (NFO) Expenses: Refer to Section New Fund Offer (NFO) Expenses

ii) Annual Scheme Recurring Expenses: Refer to Section Annual Scheme Recurring Expenses

iii) Any safety net or guarantee provided – Not Applicable

Changes in Fundamental Attributes -

In accordance with Regulation 18(15A) of the SEBI (MF) Regulations, the Trustees shall ensure that no change in the fundamental attributes of the Scheme(s) and the Plan(s)/ Option(s) there under or the trust or fee and expenses payable or any other change which would modify the Scheme(s) and the Plan(s) / Option(s) there under and affect the interests of Unitholders is carried out unless:

- i. A written communication about the proposed change is sent to each Unitholder and an advertisement is given in one English daily newspaper having nationwide circulation as well as in a newspaper published in the language of the region where the Head Office of the Mutual Fund is situated; and
- ii. The Unitholders are given an option for a period of 30 days to exit at the prevailing Net Asset Value without any exit load.

F. HOW WILL THE SCHEME BENCHMARK ITS PERFORMANCE?

The performance of the Scheme will be benchmarked with Nifty 8-13 yr G-sec Index.

Justification for use of benchmark

The Fund intends to invest in Government Securities issued by Central/ State government. The Nifty 8-13 yr G-Sec best captures this theme. This benchmark shall provide the investor with an independent and representative comparison with fund portfolio.

The Nifty 8-13 yr G-Sec is constructed using the prices of top 5 (in terms of traded value) liquid GOI bonds with residual maturity between 8 to 13 years and have outstanding issuance exceeding Rs.5000 crores. The individual bonds are assigned weights considering the traded value and outstanding issuance in the ratio of 40:60. The index measures the changes in the prices of the bond basket. The basket is rebalanced at the end of every month. The base date is Jan 03, 2011 and base number is 1000.

Nifty 8- 13 Yr G-Sec Index values are made available on end-of-day basis on each calendar day. Index methodology document is made available on NSE website and also, index fact-sheet is updated on monthly basis. Index methodology covers details of selection criteria in detail as well as index revision policy along with other important information.

Index Factsheet is contains information w.r.t. index constituents along with their weightages and historical index performance graph.

Performance of the Scheme vis-à-vis the Benchmark and peers will be periodically discussed and reviewed by the Investment Committee of the AMC and Board of Directors of the AMC and Trustee in their respective meetings.

The Trustee reserves the right to change the benchmark for the evaluation of the performance of the Scheme from time to time , keeping in mind the investment objective of the Scheme and the appropriateness of the benchmark, subject to the Regulations and other prevalent guidelines.

H. INVESTMENT RESTRICTIONS UNDER THE SCHEME:

As per the Trust Deed read with the SEBI (MF) Regulations, the following investment restrictions apply in respect of the Schemes at the time of making investments. However, all investments by the Schemes will be made in accordance with the investment objective, asset allocation and where will the schemes invest, described earlier, as well as the SEBI (MF) Regulations, including schedule VII thereof, as amended from time to time.

1) The scheme shall not invest more than 10% of its NAV in debt instruments comprising money market instruments and non-money market instruments issued by a single issuer which are rated not below investment grade by a credit rating agency authorized to carry out such activity under the SEBI Act. Such investment limit may be extended to 12% of the NAV of the scheme with the prior approval of the Boards of the Trustee Company and the asset management company;

Provided that such limit shall not be applicable for investment in Government Securities, treasury bills and Tri-Party Repo;

Provided further that investment within such limit can be made in mortgaged backed securitized debt which are rated not below investment grade by a credit rating agency registered with SEBI.

2) Investment in unrated debt and money market instruments, other than government securities, treasury bills, derivative products such as Interest Rate Swaps (IRS), Interest Rate Futures (IRF), etc. by mutual fund schemes shall be subject to the following:

- Investments should only be made in such instruments, including bills re-discounting, usance bills, etc., that are generally not rated and for which separate investment norms or limits are not provided in SEBI (Mutual Fund) Regulations, 1996 and various circulars issued thereunder.
- Exposure of mutual fund schemes in such instruments, shall not exceed 5% of the net assets of the schemes.
- All such investments shall be made with the prior approval of the Board of AMC and the Board of trustees.

Investment in debt instruments having Structured Obligations / Credit Enhancements

The investment of mutual fund schemes in the following instruments shall not exceed 10% of the debt portfolio of the schemes and the group exposure in such instruments shall not exceed 5% of the debt portfolio of the schemes:

- Unsupported rating of debt instruments (i.e. without factoring-in credit enhancements) is below investment grade and
- Supported rating of debt instruments (i.e. after factoring-in credit enhancement) is above investment grade.

Investment in debt instruments, having credit enhancements backed by equity shares directly or indirectly, shall have a minimum cover of 4 times considering the market value of such shares.

3) Total exposure of debt schemes of mutual funds in a particular sector (excluding investments in Bank CDs, Triparty Repo, G-Secs, T-Bills, short term deposits of scheduled commercial banks and AAA rated securities issued by Public Financial Institutions and Public Sector Banks) shall not exceed 20% of the net assets of the scheme;

Provided that an additional exposure to financial services sector (over and above the limit of 20%) not exceeding 10% of the net assets of the scheme shall be allowed only by way of increase in exposure to Housing Finance Companies (HFCs);

Provided further that the additional exposure to such securities issued by HFCs are rated AA and above and these HFCs are registered with National Housing Bank (NHB) and the total investment/ exposure in HFCs shall not exceed 20% of the net assets of the scheme. An additional exposure of 5% of the net assets of the scheme has been allowed for investments in securitized debt instruments based on retail housing loan portfolio and/or affordable housing loan portfolio.

4) Total exposure of debt schemes of mutual funds in a group (excluding investments in securities issued by Public Sector Units, Public Financial Institutions and Public Sector Banks) shall not exceed 20% of the net assets of the scheme. Such investment limit may be extended to 25% of the net assets of the scheme with the prior approval of the Board of Trustees.

5) Investment in unrated debt and money market instruments (other than government securities, treasury bills, derivative products such as Interest Rate Swaps (IRS), Interest Rate Futures (IRF), etc.) by the Scheme shall not exceed 5% of the net assets of the Scheme. However, all such investments shall be made with the prior approval of the Board of AMC and Trustees.

6) The investments by debt mutual fund schemes in debt and money market instruments of group companies of both the sponsor and the asset management company shall not exceed 10% of the net assets of the scheme. Such investment limit may be extended to 15% of the net assets of the scheme with the prior approval of the Board of Trustees.

For the purpose of above restrictions, a group means a group as defined under regulation 2 (mm) of SEBI (Mutual Funds) Regulations, 1996 (Regulations) and shall include an entity, its subsidiaries, fellow subsidiaries, its holding company and its associates.

7) Transfer of investments from one Scheme to another Scheme in the Mutual Fund shall be allowed only if: such transfer is done at the prevailing market price for quoted instruments on spot basis (spot basis shall have the same meaning as specified by a stock exchange for spot transactions); the securities so transferred shall be in conformity with the investment objective of the Scheme to which such transfer has been made.

8) The Schemes may invest in another scheme (except fund of funds Schemes) under the ASSET MANAGEMENT or any other mutual fund without charging any fees, provided that the aggregate inter-scheme investment made by all Schemes under the same management or in Schemes under the management of any other asset management company shall not exceed 5% of the Net Asset Value of the Mutual Fund. No investment management fees shall be charged for investing in other schemes of the fund or in the schemes of any other Mutual Fund.

9) The Mutual Fund shall get the securities purchased/transferred in the name of the Mutual Fund on account of the Schemes, wherever the instruments are intended to be of a long term nature.

10) Pending deployment of funds of the Schemes in terms of the investment objective of the Schemes, the Mutual Fund may invest them in short term deposits of scheduled commercial banks, in terms of SEBI circular no. SEBI/IMD/CIR No. 1/91171/07 dated April 16, 2007, subject to the following conditions:

- a) "Short Term" for parking of funds shall be treated as a period not exceeding 91 days.
- b) Such short-term deposits shall be held in the name of the Scheme.
- c) The Schemes shall not park more than 15% of their net assets in the short term deposit(s) of all the scheduled commercial banks put together. However, it may be raised to 20% with the prior approval of the Trustee. Also, parking of funds in short term deposits of associate and sponsor scheduled commercial banks together shall not exceed 20% of total deployment by the Mutual Fund in short term deposits.
- d) The Schemes shall not park more than 10% of their net assets in short term deposit(s) with any one scheduled commercial bank including its subsidiaries.
- e) The Trustee shall ensure that the funds of the Schemes are not parked in the short term deposits of a bank which has invested in the Schemes.

The above provisions do not apply to term deposits placed as margins for trading in cash and derivative market.

The AMC will not charge any investment management and advisory fees for parking of funds in short term deposits of scheduled commercial banks.

11) No Scheme shall make any investment in:

- a) any unlisted security of any associate or group company of the Sponsors; or
- b) any security issued by way of private placement by an associate or group company of the Sponsors; or

c) the listed securities of group companies of the Sponsors, which is in excess of 25% of the net assets.

12) The Schemes shall not make any investment in any fund of funds scheme.

13) No term loans for any purpose may be advanced by the Mutual Fund and the Mutual Fund shall not borrow except to meet temporary liquidity needs of the Schemes for the purpose of repurchase, redemption of Units or payment of interest or dividends to Unit Holders, provided that the Mutual Fund shall not borrow more than 20% of the net assets of each of the Schemes and the duration of such borrowing shall not exceed a period of six months.

14) If any company invests more than 5 percent of the NAV of any of the Schemes, investment made by that or any other Scheme of the Mutual Fund in that company or its subsidiaries will be disclosed in accordance with the SEBI (MF) Regulations.

15) The cumulative gross exposure through debt and derivatives position shall not exceed 100% of the net assets of the respective scheme. However, the following shall not be considered while calculating the gross exposure:

- a) Security-wise hedged position and
- b) Exposure in cash or cash equivalents with residual maturity of less than 91 days.

16) The Schemes will comply with any other Regulations applicable to the investment of mutual funds from time to time.

17) Aggregate value of "illiquid securities" shall not exceed 15% of the total assets of the scheme.

18) A mutual fund scheme shall not invest in unlisted debt instruments including commercial papers, except Government Securities and other money market instruments.

Provided that Mutual Fund Schemes may invest in unlisted nonconvertible debentures up to a maximum of 10% of the debt portfolio of the scheme subject to such conditions as may be specified by SEBI from time to time:

Provided further that the norms for investments by mutual fund schemes in unrated debt instruments shall be specified by SEBI from time to time.

These investment limitations/parameters as expressed (linked to the Net Asset/Net Asset Value/capital) shall, in the ordinary course, apply as at the date of the most recent transaction or commitment to invest, and changes do not have to be effected merely because, owing to appreciation or depreciation in value or by reason of the receipt of any rights, bonuses or benefits in the nature of capital or of any Scheme of arrangement or for amalgamation, reconstruction or exchange, or at any repayment or redemption or other reason outside the control of the Mutual Fund, any such limits would thereby be breached. If these limits are exceeded for reasons beyond its control, the ASSET MANAGEMENT shall adopt as a priority objective the remedying of that situation, taking due account of the interests of the Unit Holders.

The Trustee /ASSET MANAGEMENT may alter the above stated limitations from time to time, and also to the extent the SEBI (MF) Regulations change, so as to permit the Schemes to make their investments in the full spectrum of permitted investments in order to achieve their investment objective.

All the investment restrictions shall be applicable at the time of making investments

J. INTRODUCTION TO EXCHANGE TRADED FUND

Exchange Traded Fund (ETF)

Exchange Traded Funds are innovative products that provide exposure to an index or a basket of securities that trade on the exchange like a single stock. Exchange Traded Funds have a number of advantages over traditional open ended index funds as they can be bought and sold on the exchange at prices that are usually close to the actual intra-day NAV of the Scheme. Exchange Traded Funds are an innovation to traditional mutual funds as Exchange Traded Funds provide investors a fund that closely tracks the performance of an index with the ability to buy / sell on an intra-day basis. Unlike listed close ended funds, Exchange Traded Funds are structured in a manner which allows creating new units and redeeming outstanding units directly with the fund, thereby ensuring that Exchange Traded Funds trade close to their actual NAVs Exchange Traded Funds are usually passively managed funds wherein subscription / redemption of units work on the concept of exchange with underlying securities. In other words, large investors / institutions can purchase units by depositing the underlying securities with the fund / AMC and can redeem by receiving the underlying shares in exchange of units. Units can also be bought and sold directly on the exchange.

Exchange Traded Funds have all the benefits of indexing such as diversification, low cost and transparency. As Exchange Traded Funds are listed on the exchange, costs of distribution are much lower, and the reach is wider. These savings in cost are passed on to the investors in the form of lower costs. Furthermore, exchange traded mechanism helps reduce minimal collection, disbursement and other processing charges.

The structure of Exchange Traded Funds is such that it protects long-term investors from inflows and outflows of short-term investor.

This is because the fund does not bear extra transaction cost when buying / selling due to frequent subscriptions and redemptions.

Tracking Error of Exchange Traded Funds is likely to be low as compared to a normal index fund. Due to the Creation / Redemption of units through the in-kind mechanism the fund can keep lesser funds in cash. Also, time lag between buying / selling units and the underlying shares is much lower.

Exchange Traded Funds are highly flexible and can be used as a tool for gaining instant exposure to the equity markets, equitising cash or for arbitraging between the cash and futures market.

Benefits of EXCHANGE TRADED FUNDS

- 1) Can be easily bought / sold like any other stock on the exchange through terminals spread across the country.
- 2) Can be bought / sold anytime during market hours at prices that are expected to be close to actual NAV of the Scheme. Thus, investor invests at real-time prices as opposed to end of day prices.
- 3) No separate form filling for buying / selling units. It is just a phone call to your broker or a click on the net.
- 4) Ability to put limit orders.
- 5) Minimum investment for an Exchange Traded Fund is one unit.
- 6) Protects long-term investors from the inflows and outflows of short-term investors.
- 7) Flexible as it can be used as a tool for gaining instant exposure to the equity markets, hedging or for arbitraging between the cash and futures market.
- 8) Helps in increasing liquidity of underlying cash market.
- 9) Aids low cost arbitrage between Futures and Cash market.
- 10) An investor can get a consolidated view of his investments without adding too many different account statements, as Exchange Traded Funds will be in demat form.

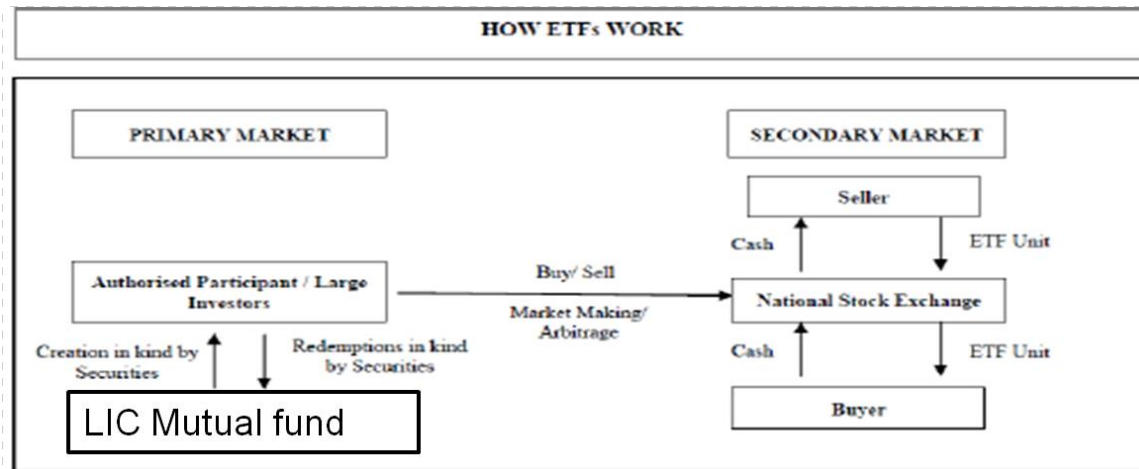

Uses of EXCHANGE TRADED FUNDS:

1. **Investors with a long-term horizon:** Allows diversification of portfolio at one shot, thereby reducing scrip specific risk at a low cost.
2. **FII's, Institutions and Mutual Funds:** Allows easy asset allocation, hedging at a low cost.
3. **Arbitrage:** Low impact cost to carry out arbitrage between the Cash and the Futures market.
4. **Investors with a shorter term horizon:** Allows liquidity due to ability to trade during the day and expected to have quotes near NAV during the course of trading day.

Comparison of EXCHANGE TRADED FUNDS v/s Open Ended Funds v/s closes Ended Funds:

	Open Ended Fund	Closed Ended Fund	Exchange Traded Fund
Fund Size	Flexible	Fixed	Flexible
NAV	Daily	Daily	Real time (indicative NAV)
Liquidity provider	Fund itself	Stock Market	Stock Market / Fund itself
Sale price	At NAV plus load if any	Significant premium / discount to NAV	Very close to actual NAV of Scheme
Availability	Fund itself	Through Exchange where listed	Through Exchange where listed / Fund itself.
Portfolio disclosure	Disclosed monthly	Disclosed monthly	Daily
Intra-day trading	Not possible	Expensive	Possible at low cost

K. DEBT AND MONEY MARKETS IN INDIA:

The instruments available in Indian Debt Market are classified into two categories, namely Government and Non - Government debt. The following instruments are available in these categories:

A] Government Debt

- Central Government Debt • Zero Coupon Bonds • Treasury Bills • State Government Debt • Dated Government Securities • State Government Loans • Coupon Bearing Bonds • Floating Rate Bonds

B] Non-Government Debt

- Instruments issued by Government Agencies and other Statutory Bodies • Instruments issued by Banks and Development Financial institutions • Government Guaranteed Bonds • PSU Bonds • Instruments issued by Public Sector Undertakings • Instruments issued by Corporate Bodies • Fixed Coupon Bonds • Floating Rate Bonds
- Zero Coupon Bonds Certificates of Deposit • Promissory Notes • Commercial Paper • Non -Convertible Debentures • Fixed Coupon Debentures • Floating Rate Debentures • Zero Coupon Debentures

Certificate of Deposit (CD):

Certificate of Deposit (CD) is a negotiable money market instrument issued by scheduled commercial banks (SCBs) and select All India Financial Institutions (FIs), within their umbrella limit. The scheme introduced by RBI allows these institutions to mobilize bulk deposits from the market, which they can have at competitive rates of interest. The maturity period of CDs issued by the SCBs is between 7 days to 1 year. CDs also are issued at a discount to face value and can be traded in secondary market. Duplicate can be issued after giving a public notice & obtaining indemnity.

Triparty Repo (TREPS):

"Triparty repo" means a repo contract where a third entity (apart from the borrower and lender), called a Tri- Party Agent, acts as an intermediary between the two parties to the repo to facilitate services like collateral selection, payment and settlement, custody and management during the life of the transaction. TREPS facilitates, borrowing and lending of funds, in Triparty Repo arrangement.

Currently the borrowing/ lending is facilitated for tenors upto next 7 days and for three months end dates. A member can request for making available of a particular tenor up to a period of 365 days, by requesting in the format available in sub menu of Request forms under TREPS. The eligible securities that can be used as collateral for borrowing through TREPS are as per list prescribed by CCIL.

Commercial Paper (CP):

Commercial Paper (CP) is an unsecured negotiable money market instrument issued in the form of a promissory note, generally issued by the corporates, primary dealers and All India Financial Institutions as an alternative source of short-term borrowings. CP is traded in secondary market and can be freely bought and sold before maturity. CP can be issued for maturities between a minimum of 15 days and a maximum up to 1 year from the date of issue.

Non Convertible Debentures and Bonds

Non convertible debentures as well as bonds are securities issued by companies / institutions promoted / owned by the Central or State Governments and statutory bodies which may or may not carry a guarantee. Nonconvertible debentures are unsecured bonds that cannot be converted to company equity or stock. Nonconvertible debentures usually have higher interest rates than convertible debentures. These instruments may be secured or unsecured against the assets of the Company and generally issued to meet the short term and long term fund requirements.

Floating Rate Debt Instruments

Floating rate debt instruments are instruments issued by Central / State Governments, corporates, PSUs, etc. with interest rates that are reset periodically, with rates tied to a representative interest rate index. Floating rate instruments offer enhanced yields when compared to a strategy of rolling over comparably rated short-term instruments and paying the related costs associated with each transaction. Floating-rate securities also allow investors to match asset and liability cash flows.

Activity in the Primary and Secondary Market is dominated by Central Govt. Securities including Treasury Bills. These instruments comprise close to 60% of the all outstanding debt and more than 75% of the daily trading volume on the wholesale Debt Market Segment of the National Stock Exchange of India Limited.

In the money market, activity levels of the Government and Non-Government Debt vary from time to time. Instruments that comprise a major portion of money market activity include Overnight Call, Triparty Repo, Treasury Bills, Government Securities with a residual maturity of less than 1 year, Commercial Papers, Certificate of Deposit.

Apart from these, there are some other options available for short tenure investments that include MIBOR linked debentures with periodic exit options and other such instruments. Though, not strictly classified as Money Market Instruments, PSC / DFI / Corporate Paper with a residual maturity of less than 1 year are actively traded and offer a viable investment option.

Currently the indicative yields for some of the money market instruments are as follows:

Redemption

All investors including Authorised Participants, Large Investors and other investors can sell their units in the stock exchange(s) on which units of the Schemes are listed on all the trading days of the stock exchange.

Mutual Fund will repurchase units from Authorised Participants and Large Investors on any business day provided the units offered for repurchase is not less than 1,00,000 units and in multiples thereof.

Type of investor	Sale of units by Mutual Fund	Redemption of units by unitholders
Authorised Participants / Large Investors	Any business day in creation unit size directly through Mutual Fund	Any business day in creation unit size directly through Mutual Fund
Other Investors	Only through stock exchange	Only through stock exchanges.

Procedure for Redeeming Units in Creation Unit Size:

Redemption proceeds in the form of basket of securities included in the Nifty 8-13 yr G-Sec in the same proportion will be credited to the designated DP account of the Authorised Participants and Large investors. Any fractions in the number of securities transferable to Authorised Participants and Large investors will be rounded off to the lower integer and the value of the fractions will be added to the cash component payable. The cash component of the proceeds at the applicable NAV will be paid by way of cheque or direct credit.

AMC will endeavour to credit the redemptions pay-outs directly to the designated Bank A/c Linked with demat a/c of the unitholders of the scheme through any of the available electronic mode (i.e. RTGS / NEFT / Direct Credit) in T+1 business day. AMC reserves the right to use any of the above mode of payment as deemed appropriate where the required information is available.

In case of unavailability of sufficient details with the Mutual Fund, the redemption proceeds will be made in favour of the Unit holder (registered holder of the Units or, if there is more than one registered holder, only to the first registered holder) with bank account number furnished to the Mutual Fund.

Investor other than APs/Large investors can directly approach AMC and no exit load shall be charged for redemption of units if:

- Traded price of the ETF units is at discount of more than 3% for continuous 30 days, or
- Discount of bid price to NAV over a period of 7 consecutive days is greater than 3%, or
- No quotes are available on exchange for 3 consecutive trading days, or
- Total bid size on the exchange is less than half of creation units' size daily, averaged over a period of 7 consecutive trading days.

In such a scenario valid application received upto 3 p.m. the Mutual Fund shall process the redemption request basis the closing NAV of the day of receipt of application.

Investor needs to transfer the units to the AMC's DP account and submit the copy of transfer slip along with the redemption slip to AMC Office.

Bank Details: In order to protect the interest of investors from fraudulent encashment of cheques, the current SEBI Regulations have made it mandatory for investors to mention in their application / Redemption request, the bank name and account number. Applications without these details will be rejected.

	<p>However, in order to bring more clarity and to protect the interest of the investors, SEBI vide circular Ref. no. SEBI/HO/IMD/DF2/CIR/P/2016/57 dated May 31, 2016 stated that the following requirement shall be observed before imposing restriction on redemptions:</p> <p>a. Restriction may be imposed when there are circumstances leading to a systemic crisis or event that severely constricts market liquidity or the efficient functioning of markets such as:</p> <p>i. Liquidity issues - when market at large becomes illiquid affecting almost all securities rather than any issuer specific security. The AMC should have in place sound internal liquidity management tools for schemes. Restriction on redemption cannot be used as an ordinary tool in order to manage the liquidity of a scheme. Further, restriction on redemption due to illiquidity of a specific security in the portfolio of a scheme due to a poor investment decision, shall not be allowed.</p> <p>ii. Market failures, exchange closures - when markets are affected by unexpected events which impact the functioning of exchanges or the regular course of transactions. Such unexpected events could also be related to political, economic, military, monetary or other emergencies.</p> <p>iii. Operational issues – when exceptional circumstances are caused by force majeure, unpredictable operational problems and technical failures (e.g. a black out). Such cases will only be considered if they are reasonably unpredictable and occur in spite of appropriate diligence of third parties, adequate and effective disaster recovery procedures and systems.</p> <p>b. Restriction on redemption may be imposed for a specified period of time not exceeding 10 working days in any 90 days period.</p> <p>c. Any imposition of restriction would require specific approval of Board of AMCs and Trustees and the same will be informed to SEBI immediately.</p> <p>d. When restriction on redemption is imposed, the following procedure shall be applied:</p> <ol style="list-style-type: none"> 1) No redemption requests upto INR 2 lakh shall be subject to restriction. 2) Where redemption requests are above INR 2 lakh, first INR 2 lakh shall be redeemed without any restriction and remaining part over and above INR 2 lakh shall be subject to the restriction.
<p>Delay in payment of redemption/ repurchase proceeds</p>	<p>The Asset Management shall be liable to pay interest to the unitholders at such rate as may be specified by SEBI for the period of such delay (presently @ 15% per annum)</p>

Transfer Facility	<p>Units of the scheme shall be available and compulsorily be issued/repurchased and traded in dematerialized form.</p> <p>On listing, the Units of the scheme held in dematerialised form would be transferable. Transfers should be only in favour of transferees who are eligible for holding Units under the Scheme. The AMC shall not be bound to recognise any other transfer. For effecting the transfer of Units held in electronic form, the Unitholders would be required to lodge delivery instructions for transfer of Units with the DP in the requisite form as may be required from time to time and the transfer will be effected in accordance with such rules/regulations as may be in force governing transfer of securities in dematerialised mode.</p> <p>If a person becomes a holder of the Units consequent to operation of law, or upon enforcement of a pledge, the Fund will, subject to production of satisfactory evidence, effect the transfer, if the transferee is otherwise eligible to hold the Units. Similarly, in cases of transfers taking place consequent to death, insolvency etc., the transferee's name will be recorded by the Fund subject to production of satisfactory evidence. No request for dematerialization of units of the scheme shall be accepted by Mutual Fund/AMC.</p>

D.COMPUTATION OF NAV

The Net Asset Value (NAV) per Unit of the respective Plan(s) will be computed by dividing the net assets of the Plan(s) by the number of Units outstanding under the Plan(s) on the valuation date. The Mutual Fund will value its investments according to the valuation norms, as specified in Schedule VIII of the SEBI (MF) Regulations, or such norms as may be specified by SEBI from time to time. In case of any conflict between the Principles of Fair Valuation and valuation guidelines specified by SEBI, the Principles of Fair Valuation shall prevail. NAV of Units under each Plan shall be calculated as shown below:

$$\begin{aligned}
 & \text{Market or Fair Value of the Plan's Investments} \\
 & + \text{Current Assets} \\
 & - \text{Current Liabilities and Provisions} \\
 \text{NAV (Rs.)} = & \frac{\text{-----}}{\text{No. of Units outstanding under each Plan}}
 \end{aligned}$$

The AMC will calculate and disclose the first NAV of the Plan(s) not later than 5 Business Days from the allotment of units of the respective Plan(s). Subsequently, the NAV of the Plan(s) will be calculated and disclosed at the close of every Business Day. Each Plan will be managed as a separate investment Portfolio. Separate NAV will be calculated and announced for each of the Options of the respective Plan(s) at the close of every Business Day. The NAVs will be calculated upto 4 decimals. Units will be allotted in whole figure.

a) Methodology of calculating sale/repurchase prices

Methodology of calculating sale price The price or NAV a unitholder is charged while investing in an open-ended scheme is called sale or subscription price. Pursuant to SEBI Circular No. SEBI /IMD/CIR No.4/168230/09 dated 30th June, 2009, no entry load will be charged by the scheme to the unitholders. Therefore, Sale or Subscription price = Applicable NAV

b) Methodology of calculating repurchase price

Repurchase or redemption price is the price or NAV at which an open-ended scheme purchases or redeems its units from the Unitholders. It may include exit load, if applicable. The exit load, if any, shall be charged as a percentage of Net Assets Value (NAV) i.e. applicable load as a percentage of NAV will be deducted from the “Applicable NAV” to calculate the repurchase price. Therefore, Repurchase or Redemption Price = Applicable NAV * (1 - Exit Load, if any) For example, If the Applicable NAV of the Scheme is Rs.10 and the Exit Load applicable at the time of investment is 2% if redeemed before completion of 1 year from the date of allotment of units and the unitholder redeems units before completion of 1 year, then the repurchase or redemption price will be: = Rs. 10 * (1-0.02) =Rs.9.80

Additional expenses for gross new inflows from specified cities under Regulation 52 (6A) (b)#	Upto 0.30%

These estimates have been made in good faith as per the information available to the Investment Manager based on past experience, but the total expenses shall not exceed the limits permitted by SEBI. Types of expenses charged shall be as per the SEBI (MF) Regulations. The purpose of the above table is to assist the investor in understanding the various costs and expenses that an investor in the scheme will bear directly or indirectly.

#Additional TER will be charged based on inflows only from retail investors (other than Corporates and Institutions) from B 30 cities.

Mutual funds /AMCs may charge GST on actual investment and advisory fees to the scheme in addition to the maximum limit as prescribed in regulation 52 of the SEBI Regulations. Current applicable GST is 18.00% (including applicable taxes), subject to change from time to time as per relevant statutory regulations.

GST on investment and advisory fees charged to the scheme will be in addition to the maximum limit of TER as prescribed in regulation 52 (6) of the SEBI Regulations.

GST on other than investment and advisory fees, if any, shall be borne by the scheme within the maximum limit as per

regulation 52 of the SEBI Regulations.

GST on exit load, if any, will be paid out of the exit load proceeds and exit load net of service tax, if any, shall be credited to the scheme.

GST on brokerage and transaction cost paid for execution of trade, if any, shall be within the limit prescribed under regulation 52 of the Regulations.

No Investment Management fees would be charged on LIC MF's investment in the Scheme.

The total expenses of the Exchange Traded Fund scheme including the investment management and advisory fee shall not exceed one (1.00%) of the daily net assets and such other limits as stated in Regulation 52(6).

In addition to expenses as permissible under Regulation 52 (6) (c), the AMC may charge the following to the concerned scheme of the Fund under Regulation 52(6A):

a. Additional expenses upto 0.30 per cent of daily net assets of the concerned schemes of the Fund if new inflows from retail investors from B30 cities as may be specified by Regulations from time to time are at least:

- I. 30 per cent of gross new inflows in the concerned scheme, or;
- II. 15 per cent of the average assets under management (year to date) of the concerned scheme, whichever is higher.

Provided that if inflows from retail investors from B30 cities are less than the higher of (i) or (ii) mentioned above, such expenses on daily net assets of the concerned scheme shall be charged on proportionate basis.

Further, the expenses charged under this clause shall be utilized for distribution expenses incurred for bringing inflows from retail investors from B30 cities. The amount incurred as expense on account of inflows from B30 cities shall be credited back to the scheme in case the said inflows are redeemed within a period of one year from the date of investment. "B30 cities" shall be beyond Top 30 cities as at the end of the previous financial year as communicated by AMFI. Inflows of amount upto Rs 2,00,000/- per transaction, by individual investors shall be considered as inflows from "retail investor".

b. Brokerage and transaction costs which are incurred for the purpose of execution of trade and is included in the cost of investment, not exceeding 0.12 per cent in case of cash market transactions.

c. Additional expenses incurred towards different permissible heads under sub-regulation 52(2) & 52(4), not exceeding 0.05 percent of daily net assets of the concerned scheme.

"Provided that such additional expenses shall not be charged to the schemes where the exit load is not levied or applicable."

In Addition to expenses under Regulation 52 (6) and (6A), AMC may charge GST on investment and advisory fees, expenses other than investment and advisory fees and brokerage and transaction cost as below:

a. **GST on investment and advisory fees:** AMC may charge GST on investment and advisory fees of the scheme in addition to the maximum limit of TER as per the Regulation 52(6).

b. **GST on expenses other than investment and advisory fees:** AMC may charge GST on expenses other than investment and advisory fees of the scheme, if any within the maximum limit of TER as per the Regulation under 52(6).

c. **GST on brokerage and transaction cost:** The GST on brokerage and transaction costs which are incurred for the purpose of execution of trade, will be within the limit of TER as per the Regulation 52(6).

Further, it is clarified that the brokerage and transaction cost incurred for the purpose of execution of trade may be capitalized to the extent of 0.12 percent for cash market transactions. Any payment towards brokerage and transaction cost, over and above the said 12 bps cash market transactions may be charged to the scheme within the maximum limit of Total Expense Ratio (TER) as prescribed under regulation 52 of the SEBI (MF) Regulations. Any expenditure in excess of the said prescribed limit (including brokerage and transaction cost, if any) shall be borne by the AMC or by the trustee or sponsors.

At least 2 bps on daily net assets within the maximum limit of overall expense Ratio shall be annually set apart for investor education and awareness initiatives.

These estimates have been made in good faith by the AMC and are subject to change inter-se. The expenses may be more than as specified in the table above, but the total recurring expenses that can be charged to the Scheme will be subject to limits prescribed from time to time under the SEBI Regulations. Any expense other than those specified in the SEBI Regulations shall be borne by the AMC and/or the Sponsors and/or Trust.

Any other expenses that are directly attributable to the Scheme, and permissible under SEBI (Mutual Funds) Regulations, 1996 from time to time, may be charged within the overall limits as specified in the Regulations.

The Scheme shall strive to reduce the level of these expenses so as to keep them well within the maximum limits currently allowed by SEBI and any revision in the said expenses limits by SEBI would be applicable.

All scheme related expenses including commission paid to distributors, by whatever name it may be called and in whatever manner it may be paid, shall necessarily be paid from the scheme only within the regulatory limits and not from the books of the Asset Management Companies (AMC), its associate, sponsor, trustee or any other entity through any route.

C. LOAD STRUCTURE

Load is an amount which is paid by the investor to subscribe to the units or to redeem the units from the scheme. This amount is used by the AMC to pay commissions to the distributor and to take care of other marketing and selling expenses. Load amounts are variable and are subject to change from time to time. For the current applicable structure, please refer to the website of the AMC (www.licmf.com) or may call at Area offices / Business Centres or your distributor.

Type of Load	Load chargeable (as %age of NAV)
Entry*	Nil
Exit	Nil

*In terms of SEBI circular no. SEBI/IMD/CIR No.4/ 168230/09 dated June 30, 2009, no entry load will be charged by the Scheme to the investor effective August 1, 2009. The upfront commission, if any, on investment made by the investor shall be paid by the investor directly to the Distributor, based on his assessment of various factors including the service rendered by the Distributor.

Exit load/CDSC (if any) up to 1% of the redemption value charged to the unit holder by the Fund on redemption of units shall be retained by the scheme in a separate account and will be utilized for payment of commissions to the ARN Holder and to meet other marketing and selling expenses. Any amount in excess of 1% of the redemption value charged to the Unit holder as Exit Load shall be credited to the Scheme immediately.

Further, pursuant to Circular no. CIR/IMD/DF/21/2012 dated September 13, 2012, With effect from October 01, 2012, exit load charged, if any, by the AMC/Mutual Fund to the unitholders shall be credited to the respective Scheme immediately, net of service tax, if any.

Any imposition or enhancement in the load shall be applicable on prospective investments only. However, AMC shall not charge any load on issue of bonus units and units allotted on reinvestment of dividend for existing as well as prospective investors. At the time of changing the load structure, the mutual funds may consider the following measures to avoid complaints from investors about investment in the schemes without knowing the loads

- (i) The addendum detailing the changes may be attached to Scheme Information Documents and key information memorandum. The addendum may be circulated to all the distributors/brokers so that the same can be attached to all Scheme Information Documents and key information memoranda already in stock.
- (ii) Arrangements may be made to display the addendum in the Scheme Information Document in the form of a notice in all the investor service centres and distributors/brokers office.
- (iii) A public notice shall be given in respect of such changes in one English daily newspaper having nationwide circulation as well as in a newspaper published in the language of region where the Head Office of the Mutual Fund is situated
- (iv) Any other measures which the mutual funds may feel necessary.
