TRUSTEE REPORT

a. Scheme Performance, Future Outlook and Operations of the Schemes

Scheme/Benchmark	6 Months	1Year	Since inception
LIC NOMURA MF BOND FUND			
Direct	4.71%	4.91%	5.40%
Regular	4.43%	4.35%	8.60%
CRISIL Composite Bond Fund Index	5.01%	4.32%	NA
Past performances may or may not be sustained in future			

b. Future Outlook:

With the hopes of a more growth friendly party forming government and unleashing policies which would help revive investment and push growth to above 5% for the first time in the past two years. Some of the key areas for the new government are improving infrastructure, consolidating fiscal deficits, containing inflation, and reinvigorating the manufacturing sector. Any indications of the policies in these areas will be keenly watched by the market participants. Thus, the unfolding of the political scene in the coming few months will remain crucial.

In terms of investment opportunity, infrastructure would be an obvious area for post-election policy drive, internet penetration is still low but growing rapidly, opening up opportunity for e-commerce companies, agricultural productivity must rise in order to feed the increasing population with different taste (more protein, etc.). Investing in export oriented IT and pharma provide good hedge against potential currency weakness. Despite the recent rally, mid-cap valuation relative to large cap remains attractive.

G-sec range that earlier stood at 8.70-8.95% will see an upward shift as frontloaded H1 FY14 borrowing Rs 3.68 lakh crore in the April-September period, (which is about 62% of the government debt borrowing plan of Rs 5.97 lakh crore for FY14) coupled with a likely uptick in inflation in next release on a turnaround in food prices and a rebound in core CPI impacts the appetite for government debt will put upward, steepening pressure on the yield curve, which may attract more global investors to the Indian Markets .

The Asset Management Company with the consent of the boards has taken steps to further improve the efficiencies in the business. The streamlining of NAV computation, strengthening of various functions in line with the Mutual fund industry has helped in the growth of business.

The regulator has also guided and supported in permitting new schemes and also the merger of four equity funds. Our scheme RGESS was launched by the honorable Finance minister along with few other fund house schemes.

The fund house also has taken initiatives to improve public relations and media coverage with success.
